Mr. Peter Tilton (I believe) came from Windsor; there was one of that name in Windsor in 1640, who was the same that removed to Hadley, or his father; (if it ~~was~~ his father, he might have lived at Hartford himself.) He was a well educated man & knew how to transact all kinds of public business in a proper manner, & to record the same. He was recorder for the town of Hadley from 1661 to 1693, and the records in the small square book, & the records of lands in the larger book are in his hand writing until 1693. He was an excellent penman, (though the shape the letters, & style of writing, ^{to} were very different from those of the present day, which renders it somewhat difficult to an inexperienced person to read these old writings.) He was methodical & systematic, and knew how to draw up as well as record an instrument. The orders or votes of the town, for regulating town meetings, &c. were undoubtedly prepared by Mr. Tilton; & I have no doubt that the public business of Hadley was transacted in a more orderly & regular manner, & the proceedings recorded in a better style 150 or 160 years ago, than in most towns at the present day.

Mr. Tilton was employed in public business a great portion of his time. He represented the town in the General Court in 1665, 1666, 1668, 1670, 1671, 1672, 1673, 1674, 1675, 1676, 1677, 1679. (Some of these years there were two representatives; Dr. Samuel Smith was commonly the other, &c.) He was one of the commissioners or Associate Judges of the county Court, and at a late period, "one of the most worshipful assistants of the colony," & presided in the courts. He was much employed in town concerns; & was a Deacon, if not an Elder in the church. It is not known that the secret of the concealment of the judges, Whalley & Goffe, at Rev. Mr. Russell's house, was entrusted to any person in Hadley, besides Mr. Tilton; the judges are said to have resided, some of the time, at Mr. Tilton's house, and as he was frequently at Boston, communications from their wives & other friends were made to them through his hands. Some of Mr. Tilton's letters are published in President Stiles' History of the Judges.

Peter Tilton

Mary Tilton, daughter of Peter, married Joseph Eastman (perhaps a brother of Timothy E. who settled in Hadley). He lived in Suffield, & died about 1690 or 1691, leaving two children, Joseph & Peter. The estate was settled in 1706. Joseph was then in captivity, & Capt. Jos. Sheldon of Suff. was guardian of Peter. The Widow married James Quarsey for her 2d husband, of Springfield 1692. Joseph settled in Hadley - see the Eastmans page 93.

Peter Tilton left only two children, Peter & Mary, both born before he removed to Hadley. Peter was very different from his father being weak & inefficient in body or mind, or both; he was living in 1707 and was freed from a poll tax that year. Mary married J. W. Eastman, of Suffield, and her two sons, Peter & Joseph, are mentioned in Mr. Tilton's will made in 1694. (This was not one of the Hadley Eastmans) Mr. Tilton gave to his wife Sarah the use of one third of his house & lands (including an upper & lower room in the house) 1/3 of his moveables to be her own, & the property she brought with her. Daughter Eastman had had her portion. He gave to his son Peter all the rest of the property. He appointed Capt. Aaron Cook & Samuel Patrigg, Executors. The following directions & advice show the father's opinion in regard to Peter's capacity for doing business & taking care of himself. Peter had not power to sell his lands without the consent of the executors; "my fatherly advice (says the will) is that he do not remove his habitation nor dispose of himself in marriage without the advice of my executors."—"I entreat the executors to be helpful to my son Peter, as his case & state shall require". The inventory amounted to 301 pounds.

Mr. Tilton's wardrobe. The following are all the articles of apparel which belonged to him. Linsy-woolsey jacket & waistcoat 20s; new Kersy jacket, waistcoat & breeches 3 pounds; 3 pairs of breeches 15s; cloth coat 15s; new cloth coat 50s; serge great coat 30s; 5 pairs of stockings 18s; 2 pairs of shoes 9s; old coat 5s; new hat 8s; old hat 4s; 3 lace neckcloths 7/6; 3 coarse neckcloths 2s; 3 handkerchiefs 2s; 7 bands 5s; 4 linen caps 2s; 1 silk cap 1s; 6 shirts 20s; new drawers 4s.

Total value of Apparel of every description — 13£. 17s. 6d. ^{standing equal to} 64. 6s. 6d. _{46. 7s. 5d.}

Books. His books were valued at over 7 pounds, including 2 or 3 Bibles, Concordances, Annotations, Dictionary, &c. He had a pair of Spectacles, the first of his kind in the records. The only looking glass in his house was set at 20 shillings; his arms and ammunition 3 pounds. He had a good supply of necessary furniture &c.:—one bed with furniture 10£; one do with do 6£; 11 pairs of sheets, &c. &c.

Pewter 56 shillings, (there was no cracking wood then) 2 brass Kettles, warming pan, tongs, bellows, spinning wheel, chairs, Shovel, lantern, lamp, hutchels &c. His wheat was appraised at 3s per bushel corn 2s, peas 3s, oats 2s, malt 3s = 12 sheep 4£, a bushel of salt 6s, flax, cows, horse, swine &c. House & homestead 60£; 5 acres in fort-meadow 25£ 6 acres bought of Mr. Williams 24£; 3 acres of plough-land 12£; 3 1/2 acres of plain that was John Barnard's 14£. Silver cup 10s. Apples in orchard 36s.

He left in "silver money" 52 shillings.

His inventory is dated Sept 16. 1696. Will proved Sept 10. 1696. amount £ 300. 19. 9.

{ The name Wells in England in early
times. See Ellis. T. 244.
Aaron Wells, died in Hadley Aug. 1778
and his coffin was changed to the town.

Thomas Wells' will dated Sept. 30. 1676. Inventory Dec. 14. 1676.
Thomas Wells' whole was appraised at 700 £. of this 220 £ was
in land at Wethersfield; 220 £ in land in Hadley, & 100 £ in land
in England. He gave his house & homestead in Wethersfield to
Thomas; his land on the east side of the river at Wethersfield to Jonathan
& the use of the rest of the estate to his wife, to bring up the children
several of whom were young. John was to have 5 £ more than the others.

The name of Wells disappears from the Hadley records after 1676, with
two or three exceptions. Thomas Wells had a grant S. of Mt Holyoke 1680; Jonathan
Wells was wounded by the Indians, & received assistance from the town in 1678, 82 & 84.
It is probable that some of the sons removed to Wethersfield, & some to Hatfield.
Thomas, Samuel, Ebenezer, & Noah, who lived in Hatfield, were not sons of
John, one of the first settlers on that side.

P.S. Widow Mary Wells married for her 2d husband, Samuel Belding, of Hatfield,
and died before 1691. Her husband's & her property was divided among their
children by agreement Oct. 6. 1691. Thomas, deceased, had received his portion
in his mother's life time; his heirs to have what is in their possession. Jonathan
had received most of his share; to have 6 £ 6s. more. Samuel to have 66 £;
Noah 66 £; Ebenezer 66 £; Ephraim 66 £; Joshua 66 £; Mary wife
of Stephen Belding 50 £; Hannah wife of John White 50 £; David Hoyt 12 £.
10 children - all had received part of their shares mentioned above.

one daughter named ^{Anne} John Marsh

Mr. John Webster died (or was buried) April 5, 1661, being the second
death record in Hadley. In his will he directed that his body should be
"interred in some part of the new plantation on the east side of the
river against Northampton". The date of the will is June 25, 1659
& the witnesses are the ministers of Hadley & Northampton, John Russell
& Eleazar Mather, one of whom undoubtedly wrote it. It is probable that
he came up to see the new plantation & was taken sick at Northampton
& made his will; he recovered & lived nearly two years after this. He gave his
house & lands at Hartford to his wife Agnes, during her life; to his son Matthew
£10; to William £70; to Thomas £50; to daughter Marsh (wife of John Marsh)
20£; to Daughter Markham (wife of Wm. Markham probably) 40£; to his
grandchild Jonathan Hunt 40 shillings; to his grandchild Mary Hunt £10;
to all his grand children in New England 10 shillings each. He gave to Mary, the
wife of Wm. Holton, of Northampton 40 shillings "for her love & pains for me". (It
is not improbable that he was sick at the house of Wm. Holton). He gave the
remainder of his estate to his son Robert, except his lot at the new plantation
which he gave to William & Thomas "upon condition of their inhabiting there".
At the time this will was written there was not probably a house erected in Hadley.

Mr. Webster was one of the fathers of the Colony of Connecticut.
He had been a Magistrate, Deputy Governor, Governor, & one of the
Commissioners of the four United Colonies. He was an influential
member of the Church in Hartford, was deeply engaged in the
controversy which agitated that & other churches, & was one of the
leaders of the company which was formed for the settlement of a
plantation at Hadley. Courts were held by Commissioners, alternately
at Springfield & Northampton, before Hadley was settled; & in Sept. 1660,
Mr. Webster's name appears among the Commissioners at Springfield,
& in March 1661 at Northampton, a few days before his death. Hadley
was not then incorporated; it is called Newtown in the County records.
Mr. Webster was undoubtedly buried in Hadley - & probably in the present
burying ground, & a stone was erected to his memory a few years since
by Asahel Webster, Esq. one of his descendants. [Mr. Trumbull, is mistaken
in supposing that Col. Webster did not remove to Hadley, & that he was
buried in the Hartford burying ground.]

X Stephen Terry died 1668 Sept.

Children

Mary ^{born in Dorchester Dec 31. 1633.} married Richard Goodman about 60.
Elizabeth ^{born in Windsor 1641} Philip Russel
Abigail ^{born in Windsor 1646} Joseph Kellogg
John was born in Windsor March 6. 1637-8.

He had no sons living -
Gave his property to his
three Daughters, by his will
made in 1668, or to their husbands.
P.S. his son John was living in Simsbury.

Stephen Terry left no sons, & the name became extinct
in Hadley. He was approved by the County Court as Constable
of Hadley in March 1662, & was probably the first elected to that office
by the town. He gave his house & lands in Hadley to his wife, & after
her decease Richard Goodman was to have the house & some land,
& Philip Russell & Joseph Kellogg the rest of the land, &c. These
were his sons-in-law. His age was perhaps about 55 or 60, as his
Daughter Goodman was then about 30 or 33 years of age.
P.S. He left a son John, who lived at Simsbury. John claimed some of
the property at Hatfield, which Mr. Terry gave to Philip Russell, & Mr
Russel, to prevent unpleasant feelings, gave him 10 to the use of 3 or 4 acres
of land, 1685.

+ Children of Mr. John Webster.

Matthew did not remove to Hadley; Robert had allotments there, but lived in
the place but a short time, if at all; Thomas & William recovered their father's lots.

Thomas, purchased as early as 1665 four pieces of land in Northampton
two meadows, containing 20 acres, and he lived in Northampton from that
time until 1673 or 1674. He married Abigail Alexander (supposed to be a daughter
of George) in 1663, & had by her the following children in Northampton: (perhaps more)
Abigail 1667 died, Abigail 1669, George 1670, John 72. He sold his lands in
Northampton from 1667 to 1673, & lived in Hadley, when he had three children.

s. 290 Elizabeth 1676, Thankful 1679, Mary 1682 - and perhaps others. He became
poor (from what cause does not appear, perhaps wounds in the Indian war) & the
town ^{of Hadley} built him a small house in 1679. It is not improbable that he went from

Northampton to Northfield in 1673, & was driven away by the Indians in 1676 when
that town was broken up. He returned to Northfield & died there in 1686. Estate 80 £
George Webster m. ar. Sarah Bliss at 85. 1696 - dau Abigail was

In 1728. George, Jona. & Peleiah Webster were of Lebanon.

Widow Mary Webster died in Hadley 1696 (perhaps wife of Wm.) Property valued at 9 £ 16s.
She was accused of familiarity with the devil. Copies of the testimony were sent to the
Day. Starving was paid for these copies 1685.

5
+ Mr John Russell born 1593 - died ^{May 9} 1680 aged 85 (or 83)
Dorothy [was widow of Rev. Henry Smith of Hadley] died 1694 aged —
Children - only two named in his will.
John - born 1626, probably in England 1st Minister of Hadley.
Philip - younger than John. settled in Hatfield.

Mr John Russell, senior, a much respected citizen among the early planters, executed his will April 7. 1680, and died soon after, or before September Court 1680. He gave one half of his property to his son, Rev. John Russell, & the other half to his son Philip who lived in Hatfield. He had no other children. His estate was valued at 225 pounds, of which the house & homestead stood at 182[£]. He had vice & molds for glazing, a diamond, was a glazier. 6 silver spoons 40/

Dorothy Russell was the second wife of Mr. John Russell & not the mother of his children. She had considerable property of her own; her estate was appraised at 183[£]. She made her will in 1681, but it was not presented to Court until Dec^r 1694. She gave her house, homestead & lands ^{east of river Ruinisticat} to my son [so called, perhaps dominion] Samuel Smith; a lot in Great Portset of 4^{ac} 440^{rods} to my ^{loving} daughter Dorothy Hall; and all ^{her moveable} ~~the rest of her property~~ to my two daughters, Dorothy Hall, and Mary Smith, wife of ^{my son} Samuel Smith. (The name of her first husband does not appear. Her son-in-law Samuel Smith was probably the son of the first Samuel, & brother of St. Philip.) no.

Dorothy Russell, at the time of her marriage with John Russell, owned a house, & homestead, 15 acres of meadow, a swamp lot & an upland wood lot in the town of Wethersfield. In 1664 she gave a deed of this property to her husband, & he in return gave her a deed of his house & lands in Hadley.

Philip Russell's wife, Elizabeth Terry, seems to have been the daughter of Dorothy Russell. Probably she had had 3 husbands, one the father of her two daughters above - 1st Stephen Terry. 2d John Russell. ^{Wrong} Error corrected. She was the mother of Joanna, the first wife of Philip Russell married 1664 and died the next year. The mother gave Philip Russell in 1677 a piece of land on account of this daughter Joanna, dec^d. She was Joanna Smith when Philip Russell married her - so probably Dorothy's first husband was a Smith.

Later - Dorothy (Smith) married ^{2d} John Blackman of Stratford. Francis Hall of Stratford - was his wife when above will was made. ^{3d} Deac Isaac Moore of Farmington. ^{4th} Mark Sessions of New Canaan. She had children only by Blackman.

Dorothy Russell was the widow of Rev. Henry Smith of Wethersfield. Samuel Smith was probably her own son. He lived some years in Northampton. His wife was apparently Mary Ensign daughter of James Ensign of Hartford - Rev Henry Smith had children by a previous wife. [See her dress &c. Hampshire book.]

+ Mr. John Russell, Jr. 1st minister. born 1626 - died 1692 ^{Dec. 6}
 2d Rebecca (Newbury of Windsor) ^{Nov. 21} born 1631 - died 1688 ^{1695?}
 Their children
 John died 1670 ^{Jan 20} born at Hartford 1650 ^{Sept 23}
 Jonathan, born at Wethersfield 1655 - Educated
 Samuel ^{Nov 4} 1660 born in Hadley, Educated
 Eleazer ^{Nov 8} 1663
 Daniel ^{Feb 8} 1666, died 1667 ^{Dec 17}
 Eleazer Russell was living ^{Nov 30} 1687, with Rebecca Russell. She wrote him a note.

In Jan. 1693, after Mr. Russell's
 decease, Jonathan, Samuel,
 & Phoebe Russell, signed a propo-
 sition to the town, in regard to the
 settlement of arrears due. No
 other children mentioned but Jos.
 I suppose Phoebe to have been the widow.

Rev. John Russell (he has no title but "Mr." in the Hadley Records) is son of
 Mr. Russell on preceding page, graduated at Harvard College in 1645, and
 settled at Wethersfield a few years after. (His predecessor, Mr. Henry Smith,
 died in 1648.) He removed to Hadley with many of his people in 1659
 or 1660, and was installed there. It was in his house in
 Hadley that Whalley & Goffe, two of the judges that sentenced
 Charles I. to death, were concealed for a long time, & where they are
 supposed to have died.

Mr. Russell first married Mary Talcott June 28. 1649, and their son John
 was born in Hartford Sept. 23. 1650. Probably mother ~~Elizabeth~~ Wethersfield
 Jonathan may have been his son. His second wife was
 Rebecca Newbury of Windsor. His 3d Phoebe. He married
 2 wife in 1653 or before.

Mr. Russell wrote in the School book & made charges as late
 as Nov. 13. 1692. And unmarried. Died suddenly.

He must have married for a third wife about 1690 or 1691
 Phoebe, the 2d wife or widow of Rev. John Whiting, of Hartford.
 Mr. Whiting died in 1689. Her daughter Elizabeth Whi-
 ting married Nathaniel Pitkin, and was the mother
 of Elizabeth Pitkin who married Moses Porter of Hadley.

P.S. Mr. Goodwin says Mrs. Phoebe Russell died in New-
 Haven, where some of her children lived. Mr G. thinks
 she had been the wife of Mr. Russell only a month
 or two.

Mr. Russell preached the election sermon, in 1665, from Ps. CXXII. 6.
 "Mrs Phoebe Russell died Sept. 19. 1730" says Mrs. H. R. Skinner.
 Appendix to Dr. Pierce's Election Sermon, 1848.

 succeeded him in the ministry at Barnstable, 1712, & he left other children.

William Goodwin
Susanna

1673
He died at Farmington March 11th
She died at Clo. May 17 1676

William Goodwin lived in Hadley about 10 years, but I believe that he returned to Hartford & died there. He was an Elder in the church (of the celebrated Thomas Hooker & Mr. Stone were pastors) and ~~was~~ the Dissenters of that church, he & Geo. Webster were leaders of one of the parties. He ~~had~~ the title, & probably the office, of Elder at Hadley. He was one of the trustees of the fund left by Mr Edward Hopkins, & in 1669 made those propositions to the town for the management of that & other funds, & for the establishment of the Hopkins School, which (after being accepted by the town) were recorded in the town and County records. Ozias Goodwin, brother of William, had allotments at Hadley, but as he did not settle there, they were granted to others.

Mr. Wm Goodwin's homestead in Hadley seems to have been purchased by John Crow. See next page. John Crow was Mr. Goodwin's son-in-law.

Mr Goodwin was called "tato of Hadley" in Sept 1672. It seems to be at Farmington, or some Connecticut town. He had but one child, Elizabeth wife of John Crow. He probably died March 11. 1673-4 - but probably of 1673.

+ JOHN CROW, the father of the first Samuel (above)
was one of the first settlers of Hadley. He returned to Hartford
when he was in 1676, and after Samuel's death he gave to his
children, Mary & Samuel, the homestead in Hadley, which had been
Wm. Goodwin's. Their mother had previously married Daniel Marsh.
Mr. Crow had other sons, Daniel & Nathaniel, who probably
lived at Hartford. Mary, the wife of Noah Coleman, and
Mehetabel, the wife of Samuel Partridge, were sisters, and
probably were daughters of John Crow. There were others who
married Crows, viz: William Gaylord (probably a Windsor Crow - no same family,
Hannah, the mother of Mary & Samuel Crow, was to have the use of
the property until the children were of age; & was to pay to Daniel
& Nathaniel Crow 20£ each. She married Daniel Marsh, & had
by him seven children.

Mr. William Westwood died 1669 April 9
Bridget died 1676 May 12.

[See Testimonies in regard to W. W. No. 4. p. 30 this page. Came from Essex Co. Eng. Mass. Rec. F. 154. He was ~~admitted~~ by Mass. G. Court. Sept 3. 1635. Constable of the
Meditations at Connecticut.

Mr. William Westwood was at Cambridge in 1632 - removed with Mr. Hooker & his company to Hartford in 1636, (or rather he arrived in Hartford before Mr. Hooker) and when the first Court was holden at Hartford in April 1636, Mr. Westwood was one of the six men (two from each town) who composed it. He was much respected among the early settlers in Hadley, & was a man of some note among them. He had but one daughter - Sarah, who married Aaron Cook in 1661 - the first marriage recorded in Hadley. His will was signed Dec 7. 1665, & was presented to the Court in Sept. 1669. He gave one half of his house, barns, lands & moveable goods in Hadley to his wife Bridget, & the other half to Aaron Cook; and all his buildings & lands in Hartford to his daughter Sarah Cook. His inventory amounted to 1106 pounds - His "living" (meaning his buildings & lands) at Hadley was appraised at 350£, and his buildings & lands at Hartford at 400£. He had 4 barrels of pork valued at 2£ 10s per barrel; Linen Sheets valued at 24£ 3 beds with their furniture in the "Hall Chamber", musket, sword, powder, balls, cheese, candles, wheat, corn, oats, peas, oxen, cows, sheep, carts, chains, scythes, fans, flax, swine books in the "Hall" 46s; pewter 6£ 16s; Brass 8£ 8s; 6 bbls of flour at 32/4 per barrel &c. Cotton Cloth is among the articles - a rare thing at that period. The time of his servant was called 12£. He was apparently an extensive farmer, & lived in pretty good style. In 1667 July, he called himself about 60 years old.

Bridget Westwood, made her will Dec 20. 1670 & it was presented in Sept 1676. She gave to Westwood Cook all her land & out, in Hadley, & 4 acres from the homelot if he desired to build on it; to Grand-children Aaron, Sarah & Joanna, ~~sons~~, & the son Aaron Cook & Sarah Cook the rest, except the following - 10£ to the church of Christ in Hadley for the relief of distressed saints; 20£ for the benefit of the Church or School in Hadley; to Rev. J. Russell, P. Tilton & R. Goodman 5£ each; to her servant Eliezer Weller 3£ when his apprenticeship shall expire.

Wm Westwood aged 28 & sailed from Ipswich for N. E. April 1634. Bridget, wife aged 34 & 2 children, John born aged 13 and Grace Newells aged 13 were with them. yet he appears to have been at Cambridge in 1632

Aaron Cook was the son of Capt. Aaron Cook, of Northampton, & like his father at N.H. was one of the most active & enterprising men in the town. The various town offices which he sustained, the committees on which he was appointed, the office of County Associate or Judge, ^{Justice of the Peace} &c. show in what estimation he was held. He was particularly distinguished as a military man and there is an inscription on his tombstone that he was "a justice near 30 years & a captain 35." This means that he actually commanded the militia company in Hadley 35 years; and this was in troublesome times—there was fighting, & scouting & watching, & fortifying &c. The militia in those days had something to do besides making a show & parade; there was labor & toil; there was peril on every side, & unceasing vigilance & frequent fighting were necessary. "A captain 35 years" is no mean praise. Capt. Cook died in 1716, aged 76. By his will he gave to his wife Sarah his money, "plate or silver vessels", household stuff, east end of house &c; but his wife had already given to son Aaron the land &c at Hartford by deed; & to Westwood his portion; he gave all his buildings & lands in Hadley to Samuel (after the death of his mother) also his stock, agricultural implements &c. His son Moses & Daughter Sarah Hovey Elizabeth Smith & Bridget Barnard received something, but had their portions. His wife lived to the age of 86.

The name of Westwood was kept up among his descendants for two or three generations; also that of Bridget, the name of Mrs. Westwood. (An Aaron Cook died in Hartford two or three years since aged 85—perhaps a descendant of Capt. Aaron.)

Capt. Cook was a representative to the Gen. Court in 1689, 1691, 1693, 1697, and probably after that time. He received most of Mr. Westwood's estate & was wealthy.

Rev. William Cooke Cook, graduated at H. Col. 1716. was the first pastor of the 2^d parish in Sudbury - (East side the river, or East Sudbury - here the settlement first began & there was placed the first meeting house, but the West side became the first parish) He was ordained March 20. 1723, and died Nov. 12. 1760, in his 64th year, and 37th of ministry. A worthy man & a good minister, lived in much harmony.

His son William graduated at Harvard 1748.

Rev. Wm. Cooke married ^[Jane dau. of Maj. Stephen Swall of Salem] a sister of a judge Swall & had 1 son. Wm. and 2 daughters; one d. married a Baldwin and one William his son died before his father leaving only daughters.

Rev. Samuel Cooke married 3 times -

1st - Daughter of Saml Porter Jr. of Hadley - who had 1 daughter & mother & daughter both died of the throat distemper.

2. Anna, dau. of Rev. John Cotton of Newt. was - had by her all her children that lived - some died young - Anna married Ezekiel Hall of Medford; Hannah Gibbs, mar. Henry Bradshaw of Boston; Rebekah, died unmarried; Mary, died unmarried 1824 Sarah, mar. Rev. Mr. Burr of Sandwich. Samuel only son, educated at H. Col. - was a merchant, &c. died in an apoplectic fit near Old South in Boston - no children.

3.

Rev. Samuel Cooke was ordained at Menotomy, Cambridge Sept. 19. 1739. Boston Post. Seems to have died in 1783. He left a Genealogical Account of his ancestors in which are several errors. It was written in 1778, about 5 years before his death. He married Shattuck p. 265 for one wife, a daughter of Rev. Nicholas Bowes of Bedford.

Dear Richard Goodman, an active & useful man, and a much respected citizen, was slain by the Indians in 1670. The inventory of his estate was taken in Sept. 1670, & amounted to 921 pounds. He had lands at Hartford, at Northampton, & house, homelot & other lands at Hadley. [It appears by the Northampton records that he purchased 8½ acres in Rainbow in 1660 - he is called Richard Goodman, of Newtown; He bought of Josh. Field 5 acres in Young Rainbow, 1665; 7 acres in old rainbow, and 13½ acres in the 3d Square - making in all about 34 acres in Northampton meadows.] The Division of the estate was made in 1677. The widow was to have 300 £; John the eldest son, 200 £, including the homestead, his mother to use half the house; Richard, 2d son, 150 £ in lands at Hartford (he seems to have settled at Hartford after he became of age.) He died intestate 1662, and left 3 sons & 5 daughters, and a widow. Names of children, John, Eliur, Gershom Elizabeth - also 4 daughters whose names are not given. John settled in Hatfield, Eliur at Deerfield and the name disappears from the Hadley records. The children were under age at the decease of their father in all 3 sons, 5 daughters. A final settlement was made in 1681 after the decease of Hinsdale, Widow Hawks' second husband. John lived in Hatfield, but Eliur & Gershom seem to have lived with their mother, & were unmarried. They received part of the lands in Hadley. Experience Hinsdale married Mary Hawks 1672. She married John Evans 1677. Joseph Gullet married Elizabeth Hawks 1664. Thos. Hastings m. Anne Hawks 1672. William Arms married Joanna Hawks 1677. Philip Mattoon married Sarah Hawks 1677. Robert Hinsdale (son of John) married Mary Hinsdale 1663. Mary m. 2d husband, including himself at Hatfield 1663.

Goodman Hinsdale lived in Hadley 1672; he made petition for freedom from training on account of age & weakness - especially the latter. This was probably Robert Hinsdale; & it is probable he married Widow Hawks & lived on her property. In 1674 Robert Hinsdale was complained of for living apart from his wife, and lascivious carriage; was ordered to be whipped & fined. His sons Samuel & Ephraim were bound for his good behavior. He died 1676 & his widow Elizabeth petitioned about estate of her husband Hawks 1681. Barnabas Hinsdale was a son of Robert, & born in Dedham 1639.

[1683. Close of adm'n on his estate, Mass. S. 2.37.

The Probate record says he died Dec. 24. 1675.
 Will was presented & executed Dec. 29. 1676.
 Will dated Dec. 30. 1672.

Mr. Henry Clarke removed from Windsor to Hadley in 1662, & was for some years one of her most distinguished citizens. He had been a magistrate in Connecticut, & was immediately entrusted with the management of some of their important concerns by the people of Hadley. He was one of the commissioners for holding the courts at Springfield & Northampton, (or Associated, as they were called after 1666, John Pyncheon being the chief judge) almost every year from 1663 to 1676. He was one of the Commissioners of Hadley for trying small causes, with Samuel Smith & Andrew Bacon, for 6 or 8 years, & when an important committee was appointed he was commonly one of the number who composed it. He had "Mr." before his name & sometimes "Gent." after it. His estate was valued at 1058 pounds, of which 250 £ consisted of his house, homelot & other lands at Hadley, and 700 £ of his house & land at Windsor; he had lands on both sides of the river at Windsor. He left no children. He gave most of his property at Windsor to his sister Margaret Fox & her daughter Elizabeth Chapman, some of his estate in Hadley to Thomas Aronson of Windsor & his two daughters, & John Harrington. He gave to his "loving friend" Lieut. Filer of Windsor 6 £; to his loving friend Deac. Tilton 10 £ for a silver wine cup, &c; to Mr. Russell, the pastor of the Church in Hadley 5 £; & to his son Jonathan 5 £ to buy him books.

Gifts for public uses. He gave 9 acres in Hockanum & 2 1/2 acres in the Great meadow to the town of Hadley, for the Hopkins School. In the inventory these 11 1/2 or 12 acres are estimated at £44. 10s.

He gave to the church of Christ in Hadley a silver bowl; this cost 3 pounds.

He gave "40 shillings, besides 40 shillings formerly given, for a bigger bell for the meetinghouse, that may be heard generally by the inhabitants."

He gave to Harvard College 50 pounds; and he authorized his executors, Wm. John Russell & Deac. Tilton, to give a portion of his estate, if any should remain, "to such good uses as they see meet." In settling the estate, they added 20 pounds to the gift to the college, making it 70 pounds. This was sterling money & equal to 311 dollars. [Amistake]

The will was executed in ^{Dec 30} 1672, but his death did not occur until ^{Dec 24} 1675. His age is unknown, but probably was not far from 70. No monument tells where he lies, but he should be gratefully remembered as one of the fathers of the plantation, & a very useful citizen.

There was a Daniel Clarke, of Windsor, a William Clarke of Northampton, & a John Clarke of Springfield, but there is nothing to show whether they were related to Henry Clarke.

X Andrew Bacon died 1659 Oct 4
Elizabeth (Stanly) died 1679 (at Hartford?) see below
widow of Timo.

Isaac Stanley died 1671 Sept 22
Mary

Mr. Bacon & Mr. Stanley seem to have lived together - they had no children. Mr. Bacon's property went to the two widows, but the greater part to Mrs. Bacon.

Mrs. Bacon appears to have had a former husband whose name was Stanly, & to have been the mother of Isaac Stanley of Hadley, & Caleb Stanley of Hartford. She had three daughters - Elizabeth, who married Samuel Coles of Farmington; Lois who married Thomas Porter of Farmington, and Elizabeth who married Mark Sension, (or Session.) She gave the property in Hadley to Caleb & the three daughters. She died at Hartford about 1679, at the house of Caleb, who, she says in her will, "hath taken care of me in my old age." Mrs. Bacon's estate was appraised at 256£. The house & lands in Hadley sold at 185£. Will made 1671 - presented 1679.

Isaac Stanley's estate was 207£. He had no land in Hadley but a large stock of cattle, grain &c. He had sold his land in Farmington for 50£ - Mrs. Bacon was the mother of Isaac Stanley.

1671. Sept 22. Court gave Elizabeth Bacon, widow of Andrew, & mother of Isaac Stanley, all Andrew Bacon's lands & buildings in Hadley, to her & her heirs forever. 1683 Caleb Stanley had some of the land.

Timothy Stanley of Hartford died 1648.

Son Caleb had lands & buildings at Hartford born 1642.
Son Isaac " " " at Farmington was born 1647-8
Daughter Lois married Thos. Porter. Elizabeth married Sam. Coles 1651. Elizabeth married Mark Sension.
Elizabeth, widow, married Andrew Bacon, 2nd husband.

2.264

Mrs. E. Bacon's will was presented at Hartford March 1678-9. Elizabeth Coles and Lois Porter gave up their right to Caleb Stanley. Also Nathaniel Bacon of Middle town, nephew of Andrew Bacon, gave up right to C. Stanley. Lois Porter was probably wife of Thomas P. Jr. son of Thomas - hence his son named Timothy - from grandfather Stanley.

Robert Bottwood's will is dated Jan 19, 1682-3. He had previously given mostly his property to his children. He now gave to Sarah wife of Isaac Warner 10[£], daughter wife of Daniel Warner 15[£], Lydia wife of John Warner 15[£], children of Dan Warner, dec'd, 5[£] each. To son Samuel 5[£] - all the rest to wife. His inventory was 225[£] & contained no land, (that having been deeded to Samuel). 120[£] of it was debt due from the Committee of the Grammar School. Estate in the Bay 25[£].

He had previously it seems, sold (or been compelled to sell) his mill and mill lot in Hadley to the committee for Hopkins School, & the court ordered Samuel, 1684, to give a deed. The court decided also that 3 acres of the lower end of the homelot belonged to Isaac Warner, his father Bottwood having given it to him, & he having improved it for some years. Samuel Bottwood, in settling with heirs, complained that the estate fell short of what was expected - that there was a loss of 50 or 60[£] in the mill.

Robert Bottwood was a resolute, enterprising man - a mill builder. He was not always fortunate. *Walth. Sergeant: p 294 & elsewhere*
 Widow Mary Bottwood's will is referred to on Probate Records. 1690

Robert Bottwood, when son Samuel married the daughter of Capt. Lewis, by agreement, conveyed to son Samuel his homestead 4 acres, and most of his meadow lands. Homestead had Joseph Baldwin sew. N. Francois Barnard S, Street E. Jos. Baldwin Jr. W. It was only the East half of the old homelot, & Isaac Warner had 1/4 a. at N. E. Corner.

Widow Bottwood's will was presented to County Court June 5, 1688, - "is on file". The record says. This was under Ambrose S. Daniel Warner was her executor. as noted in 1690.

X Dr. John Westcott. in Sept. in ~~XXXX~~ year. 40
died 1675 aged 30. 10.
Hannah. (Barnard) mar 1667 Cor 31. "
next was Simon Beaman.

Mr Westcarr was the first Physician that settled in Hadley. He came there about the year 1665. In Sept. 1667 he was fined 30£ by the County Court for selling strong liquor to the Indians. He received several grants of land from the town; and in 1675 purchased 6 acres & 96 rods from the town, in the rear of the homelots, for which he was to pay 10£ - to be paid in wheat flour at Hartford at 14/ per hundred pounds.

He died in 1675 or the early part of 1676; the inventory of his estate, presented to the court in March 1676, amounted to 431 £.

His housing & land were appraised at 100£; English goods at Hartford 59£; books 7£ 16s.; box containing instruments 14£ 16s; moose skins are mentioned among other articles. The debts due to him amounted to 98£, without including 29£, put down as "desperate debts." His wife Hannah had the property; she stated to the Court that her husband had so directed in his sickness. There were no children apparently.

Tomb Stone The stone erected to the memory of Dr. Westcott, is the oldest by many years (I refer to the date of his decease, & not to the time when the stone was put up) in Hadley burying ground. The next is the table over the grave of Rev. John Russell; all the others are after the year 1700.

Physician I am inclined to think that there was no physician in Hadley after the death of Dr. John Westcott, until Dr. John Barnard commenced the practice there about the year 1707. The first Doct. Thomas Hastings, who lived in Hatfield, & who got liberty from the County Court "to practice chirurgery & phisic," in 1679, was for many years the physician of Hatfield & Hadley, & if I am not mistaken, of Northampton also.

Additions. In 1670 John Westcarr was complained of a second time for selling liquor to the Indians. Several Indians appeared before the court at Springfield, & testified that they had bought liquors of him & paid him in beaver skins, wampum, &c. The Court fined him 40 pounds; he appealed to the Court of Assistants at Boston & the result is not on the county records.

In March 1673, the court allowed Mr. John Westcott to practise physic and chirurgery (French word for surgery) in Hadley. This is the first notice of him as a physician.

Doct John Westcott died Nov. 7. 1676, settled Read. Married Hannah Barnard, daughter
of Francis Oct 17. 1667. She married Simon Beaman Oct 9. 1680
Mrs Hannah Westcott presented inventory March 29. 1676; it was
taken March 25. by Wm. Cooke & Sarah Barnard testified
March 29. 1676 that he gave to his wife all his property.

Letter from Swalk Sergeant; May 22, 1848, containing replies to my letter to Doct. Oliver Partridge of Stockbridge. Doct. P was born 1751, is about 97. He says Eliza is the daughter of Col. Samuel Partridge, married first Col. Hamlin so called; does not know his christian name; 2 an other Hamlin, brother or cousin of the first; 3d a Johnson of Woodstock, Conn. does not remember his christian name. 4th, a Payson of Ellidelltown. See deed from Eliza Payson of Woodstock 1751. Land Book, p. 308

Doct. P. does not know when Samuel P. son of Samuel P. died; nor what became of daughter Mary Sallaketabel. His son William went to Nova Scotia and was there Secretary of state; he knows nothing further of him

William Partridge, oldest son of Col. Samuel P. had a call to settle at Wallingford, but died before he was ordained or installed, Dr. P. says. Dr. P. says a stone erected to his memory in a graveyard in Wallingford, he said in 1770. The graveyard was on a flat just as you enter the town from North Haven.

Doct. P. says the papers of Col. Partridge were lost. They were all written in characters, and no person was able to decypher them. (He refers merely to his private writings & papers.)

He 3/ p. 304 In 1754 Oct. 19. Ezekiel Kellogg of New Salem wife Elizabeth; Isaac Ellatton of Northfield and wife Mary, Thomas Barnard of Tolland, and wife Mchitabel, all heirs of the estate of their father, Samuel Partridge, deceased, late of Hadley; and Samuel Partridge of Hatfield, heir to the estate of his grandfather, the said Samuel Partridge, — Sold to Samuel Gaylord their land in the 6th and 7th divisions of Inner Commons. These names are all mentioned in the deed, but only Kellogg & Ellatton & their wives signed it. — These three daughters were probably all the children of Saml. Partridge then living. Possibly William was living at Nova Scotia. Samuel of Hatfield was son of Cotton.

p. 41 Samuel Partridge, son of Col. Saml P. became poor & infirm and his father had some care of him July 1735. See Deed 199 1693

Col Samuel Partridge's Will — no date but 8th of George the must have been 1735 or 1736. He gave his personal property & so on to his 3 daughters, Mchitabel Dwight, Mary Dwight and Elizabeth Johnson, & named over a whole of the hundreds which he gave them. Mchitabel had £533. 7. 1 including over 800£ he had paid for her. Mary had 508. 17. 1. including 187£ he had against her. She had 6 acres in Hadley, 100£ & farm at Coy's Hill 70£. Elizabeth had 508. 17. 1. including old debt 113. 11. 2, land at Hartford 750£ & rent of it 8£. Edward was to pay something to Mary & Elizabeth; Eliza had lot in skirts of 40 acres 50£. His grandson Oliver was in trade, & he paid the daughters something at Oliver's.

Mchitabel had an uncle Smith, lived in Northampton 103£.

His son Timothy Dwight built on the Smith's homelot in Northampton. Deed 163. 103£ was value of Smith's homelot & meadow land in 1692

Samuel Partridge gave a deed to Edward Dec. 24. 1736, of his house, lot & 8 blocks in meadows, mill & some lot & all other lands in Hatfield.

William Partridge (Partridge) one of the first settlers of Hadley, came from Berwick upon Tweed in England. He lived in Hartford before he removed to Hadley. He died in 1668, & left a large estate; it was estimated at 926 pounds, ^{or more} according to the inventory; this was sterling money, as all the accounts in those days were. His will was made in June 1668, & he died soon after, between 50 & 60 years of age. He gave to John & Samuel Smith, sons of his daughter Mary (wife of John Smith) 20 £ each; to his kinsman Thomas Partridge, 40 pounds; to his kinswoman Elizabeth Smith, who lived with him 40 ~~pounds~~ ^{and other things in property}; to Rev. John Russell 40 shillings; to his wife one third of all his estate, real & personal; and to his son Samuel all the remainder. He was a merchant, & had goods which he had purchased in Boston ("brought out of the Bay", says the record) to the amount of 150 pounds. He had probably been concerned in navigation at Hartford, for there is an account at the bottom of the inventory, of "30 pounds or thereabouts at the Barbadoes". His house seems to have been well filled; — two feather beds & furniture, two other beds, ^{and other things in property} pork, beef, butter, sugar, wheat, corn, peas, malt, &c. He seems to have been a large farmer, & employed two "man servants"; the time of one of them, 4 years, was put down in the inventory at 22 pounds; of the other, Thomas Partridge, 3 years, 15 pounds. He had oxen, cart, ploughs, cows, swine, &c. He had on the ground, 15½ acres of wheat, one of barley, one of rye, 3¼ of oats, 3 of peas, 4 of Indian corn. His house & lands in Hadley were appraised at 200 pounds; house & lands at Hartford 150 £. Wm Partridge had a brother Kester, mentioned by Pyncheon.

Mary Partridge (wife of William) made her will in 1680 (signed it with her mark, as most women did in those days) Her maiden name was Smith; she had four brothers to whom she gave small legacies Christopher, who lived at Northampton, Joseph ^{of Hartford, father of} ~~and~~ ^{son of} ~~of~~ ^{of} Hadley, Simon, & William; (William was dead but left children). She gave Rev. J. Russell 5 pounds; son Samuel & his wife 40 £ & the remainder of her estate, two thirds to Samuel, and one third to her daughter Mary Montague's (late Smith) children.

Date Sept 20th 1680 The inventory of her estate including lands at Hartford was 235 £ 14. 2⁵ 3². She had 2 beds with bolsters 5.0.0 and 50th 8th per shuck. Curtains & valance 35th 59th drapings 0th 2th and 3th £6.17.0.

Samuel Partridge (as he wrote his name for some years) son of the above, was an intelligent, useful citizen, & for many years one of the most distinguished persons in the county. He removed across the river to Hatfield about the year 1687; his son Samuel remained in Hadley.

Wm Partridge was a cooper in Hartford. 1654th By cooper work as per his bill £7.4.8. — 1655. 6 barrels for flour &c. at 2/6. 15th. a ferkin 2/4 2 tuns of hhds 36/ (over 8 hhds at 4/6) Coopers Tools in inventory. Samuel Partridge after 1676 sold Pyne horn 60 barrels £12.5.0 (this is 3/4 each) and 8 barrels at 2/4. 32th. (Partridge made by his father. Sold none after this.)

Timothy Nash removed to Hadley in 1653. He was a mechanic (probably a blacksmith) and his iron tools, &c were brought up at the expense of the town. He was one of the selectmen, many years, one of the rates-makers, an ensign, & subsequently a lieutenant. He was a representative to the General Court in 1690, 1691 and 1695. His will was made in 1698 and presented ^{March 10} in 1699.

Dated March 7, 1699. The inventory of his estate was 540£. He gave to Thomas who lived in Hatfield all his lands on that side of the river; to Joseph "the house where I dwell," &c. to Samuel 14 acres of the homelot, &c. to John & Ebenezer, lands, &c.; to Daniel 20£ & to Ephraim 30£; to Daughters Hope Warner 20£. His wife survived him (Rebecca) In 1682, he had a grant of land on the great river, between Stony River & Bachelor's river; this was then the southern limit of the town. He afterwards built a sawmill on Stony river, which is mentioned in his will. The town in 1663 gave him the lands allotted to Robert Webster. ^{He paid 60s. for Hope} made an agreement about estate March 28, 1664. ^{which was not in her time.} Mary Scott was brought up by John from a child; was in 1699 of age. Son Timothy had allotted him at Deerfield homelot was 44. he died
after his father - brother Thomas sold his Deerfield land 1709 - the buildings land
agreed given to Thomas called 122£ in prob. Timothy not in mother's will.

Her will March 8, 1708-9 - proved June 19, 1709. Had only furniture and clothing, about 22£. 13 sons owed her for rent of land, but she gave it to them. She named Thomas, John Ebenezer, Daniel, Joseph, & Ebenezer & Ephraim, and Timothy son of John - and daughters Hope Warner & Joseph was executor. She gave him a much more than the others. She was daughter of Rev. Samuel Stone of Hartford, by his first wife.

In 1658, Mr Davenport of New Haven refers to Timothy Nash; who had conversed with Gov. Winthrop at Hartford, & with Hartford people. Probably he was a New Haven Nash who settled in Hartford.

There were 3 Nashs in New Haven, Thomas, at first, & after John and Joseph, but Joseph settled in Hartford who was brother of John & Nathaniel. Perhaps Timothy, John & Joseph were sons of Thomas. yes.

Thomas Nash died at New Haven 1658. He left 3 sons, viz John, Joseph & Timothy, and 2 daughters.

Timothy Nash first removed to Hartford was allowed to come in as an inhabitant Feb. 1660-61.

1663. June 22. He made propositions to Hadley, who had applied to him - He would come, if they would give him Robt Webster's allotment freed from all rates and dues, belonging to the land to this time, except the corn on the land. The town to bring up his iron tools & household stuff. The town accepted the propositions excepting only the ploughland for this year, and the corn growing on it, he to be resident here before winter.

Thomas Stanley died in 1662; his will was made in 1660. He
gave his house & lands in Hartford to his son
Nathaniel, & as his name does not appear on the
records after 1665; (he was one of the Townsmen that year)
it is presumed that he returned to Hartford & died there.
Thomas Stanley gave his three daughters 5 £, each, but
did not name them. James Bebee, who afterwards
had a family in Hadley, was his servant, & he calls
John Stanley, of Farmington, his "cousin".

Winter of 1659-60. There is one item in his will which has
attracted my attention. I had considered it doubtful
whether any families remained in Hadley during
the first winter (1659-60) after the settlement was
commenced; but Mr. Stanley's will is dated Jan. 29,
1659 (1660) and he was evidently at Hadley, although
the place is not mentioned in the date. He gave to his
wife Benett the house & land "that is here at the
new plantation at the east side of the great river
near Northampton". If he was at Hadley in Jan'y 1660,
his family was probably with him, if there were other planters
who wintered there.

Bennett Stanley married Gregory Witherston for her second husband,
& died before him, in 1664. Will presented Oct. 1665. Inventory 315 £
including purple & apparel 11 £, linen & woollen cloth 6 £ 10s. Gave
most of her property to Nathaniel, but some to others, viz. to son
Samuel Porter, land in Great & Little Pond; some to daughter (John) Porter

Bebee, quartered 140 £; Isaac Stanley son of my sister Bebee 10 £; Lois

Thos. Coleman's first wife may have been Mary Wells, dau. of Gov. Wells.
 His daughter Deborah married ^{Deane} Gun, of Milford. Had no ch. Died 1703.
 John & she sold 1/2 of old homestead to Phenixague 1694. Her will on record.

Thomas Coleman gave his daughter ~~Deborah~~ Deborah 60
in his will & gave the deacons of the church liberty to increase
the sum to 100£ if they should think proper, taking into consideration
her estate and her children. Richard Goodman and Peter Tilton Dec 30. 1679
decided that Deborah Coleman should have 100£ instead of 60£.

Widow Frances Coleman gave chiefly to 4 persons:-

Sept 29
 Thomas Coleman made his will in 1674, & it was presented to the Court in January 1675. He left a large estate, appraised at 901 £, (debts deducted). His buildings ("houses" - this word is frequently used in the plural when there was but one dwelling house, & then includes the barn & other buildings - "housings" is sometimes used) and lands at Wetherfield were valued at 450 £, & his buildings & lands at Hadley at £300. He gave his wife one third during her life, including the house in Hadley, & fruit on the orchard. He gave his houses & lands at Wetherfield & Hadley to his two sons John & Noah; his lot in Little Basset to John's eldest son Thomas; Deborah (unmarried) 60 £; Daughter, the wife of Philip Davis 20 £; Daughter, Fratt's children 5 £ each; Thomas Wells, son-in-law, "all that is due to me for the rent of my house at Evesham, in England"; to his son John now dwelling with me 10 £. It appears by this that Thos. Coleman emigrated from Evesham in the county of Worcester, England. He mentions Richard Goodwin, & Peter Daltan as deacons of the church in 1674. He gave 5 pounds to the school in Hadley, & wife 20 £ to disburse of.

Noah Coleman had six children but only one survived him; this was Sarah, who had a portion amounting to 300 pounds sterling. (1000. dollars - a pretty good marriage portion, & she undoubtedly had some of the property given to her mother.) Sarah married Westwood Cook, & Westwood's son Noah had a son named Coleman.

A mistake. It was not sterling money. Perhaps 225 £ as

2286 John Coleman settled in Hatfield, & was a deacon of the church. Those of this name who afterwards lived in Hadley, were descendants of John.

no date; Prov. 1678. 16
 Widow Frances Coleman, widow of Thomas, made her will 1678 - Inventory dated 1678. 45 £, & given by husband. She gave her property to her daughter Mary Wells, son John Wells, daughter Deborah, & daughter Gilbert, grandsons Jonathan & John Wells, grandsons John & Thos. Wells, grand-daughter Sarah Mary Wells, daughter of John Wells. She must have been a 2d wife, and Mary Wells must have been widow of Thos. W. The Wells' name probably lived in Hatfield & Hadley. Francis Barnard & Samuel Northam, witnesses. Son Jonathan Gilbert & ...

Further Research. Widow Coleman, I believe, was the mother of John Wells, and Thomas Wells. Thos. was dead, & his wife was called daughter Mary Wells. grandsons Thomas, Jonathan & John were the oldest sons of Thomas Wells. Sarah & Mary daughters of John. Daughter Deborah was probably her daughter by Coleman as mentioned in his will. ~~Daughter by Coleman as mentioned in his will. I believe. Perhaps, Deborah~~ { Mary was wife of Jona Gilbert of Hatfield. 14 children. and walked her daughter Gilbert. } Jona. Wells of Hadley called Jona. Gilbert, "uncle Gilbert."

Nathaniel Ward made his will, 27th May 1664, & it was presented in Sept. 1664. He had neither son nor daughter, at the time of his decease. He gave a large share of his property in Hartford & Hadley to his kinsman William Markham, & some to his eldest son; also some to his kinswoman Elizabeth Hawks, to Sister Cutting, Sister Allen & her son Daniel, kinsman Noyes & Brown, Rev. Mr. Russell 5th, to Lawrence Bless & John Taylor, lately his servants;

He directed that his negro boy should be sold & suppose he would bring 30th. In the inventory the two negroes are valued at 50th. His "estate at Hartford" seems to have been personal not real. Hopkins School. He gave to the town broods of the homelot ^{and the house} which the house stands (about 1 1/2 acres), 5 acres in Northampton Meadows, and 9 acres in Hockanum "to be improved towards the maintaining of a school forever". Mary Barnard, wife of John (on 54th page.) She died in 1665, & her will is one of the most singular documents of its kind. Her estate was estimated at upwards of 300 pounds, & she gave a portion of it to the Bedients, who had arrived from England, & were living at Hartford; some to the Haywards. "To Mr. Hamell, my pastor, I do give 2 pounds, to Mrs. Russell, her wife, I do also give my press in the parlor, one brass candlestick, a glass of strong water, & one quart of vinegar. I give for the use of the church one pewter basin & one pewter platter." For the fartherance of learning in Hadley 4£. To my friend Richard Goodman 2£, and one glass of strong water. To Francis Barnard, my wife's servant, to Goodwife Ward, my nurse, my best green apron, black hat, best petticoat, white apron, one glass of strong water, & one quart of wine vinegar, a book written by John Rogers and an iron-bound case with the glasses in it." My maid Jane Williams, my former maid Elizabeth Ingram, Goodman Nichols, & Goodman Gardiner, my old leguier. I give to Francis Barnard, one glass of strong water, and all the glasses in the case; and after that liquor is disposed of, which I have given, he is to keep the rest and dispose of it as the need of sick & weak persons may require. To Thomas Barnard, son of Francis, I give my new bible, & 10 pounds to bring him up to school. [He was afterwards the Rev. Thomas Barnard, of Andover.] The rest of her property she gave to her brother, Daniel & William Stacy, living in Old England, at Burnham, near Malden in Essex.

Aqua Vita. The "glass of strong water," signified (I conclude, a bottle of French Brandy; this article was probably imported in square bottles in cases, & was used very sparingly. A "glass of strong water" was a good supply for a family 12 months. The Latin name for French Brandy is Aqua vitæ, and that part of the meadow so called, was undoubtedly named from its resemblance to a bottle for aqua vitæ. It is called "aqua vitæ bottle" in Mr. Barnard's will.

Settlements. The estates of John & Mary Barnard were not finally settled until 1697. The property was disposed of exactly as desired by the testator; the glasses of strong water & all other things are particularized in the settlement. Her property is called 403£. 12 acs, for school 48£. The Bedients had 167£. 100£ in Stacy's in 1697.

Funeral Charges. The following item appears in the charges against Mary Barnard's estate:—"Funeral charges in wine & cake, with coffin 12/ & digging grave of — 60 shillings" — that is the funeral wine & cake cost 40 shillings.

Nathaniel Dickinson

was one of the first settlers of Wethersfield about 1636. A Hadley Dickinson, who resides in New Jersey, informed me that a descendant of Rev. Jonathon Dickinson of New Jersey said that Nathaniel Dickinson came from the Isle of Ely, in the eastern part of England. I know not what reliance is to be placed upon the Rev. Jonathon Dickinson was president of New Jersey College, and would be more likely to record something about his ancestors than many others.

Nathaniel Dickinson had ~~over~~ 10 children but the births of only five are recorded at Wethersfield. His children were:—

Samuel born July, 1638. Lived in Hatfield. Died Nov 30, 1711.

Obadiah " April 15, 1641. Lived in Hatfield. Returned to Wethersfield & died 1698.

Nathaniel " Aug. 1643. Lived in Hatfield. Died Oct 10, 1710.

Nehemiah " in 1644. according to age on his grave. Lived in Hadley.

Herzekiah " Feb. 1646. Lived in Hatfield, Hadley & Sp.

Azariah " Oct 4, 1648. Slain by Indians at Northfield. Sept 16, 1675. Left a wife & children.

Thomas " not recorded. returned to Wethersfield.

Joseph " not recorded. Slain by Indians at Northfield. Sept 4, 1675. Left a wife & children.

Anne " not recorded. married John Clary.

There was a John Dickinson, older than these, who was a son of Nathaniel D. or he married Frances, a daughter of Nathaniel D. N.D. calls Frances, daughter. Nathaniel Dickinson removed to Hadley in 1659, where he was deacon of the church, recorder, &c. He was often employed in public business. He lived in Hatfield a number of years, but returned to Hadley and died there June 16, 1676. He made his will in May 1676. His inventory amounted to £502—a good estate in those days.

Nathaniel Dickinson. He must be ranked among the most useful & intelligent planters of Hadley, & his name is constantly associated with Samuel Smith, Peter Tilton, ^{Henry Clarke,} &c. in town affairs. He is called Deacon in 1664, & I conclude was one of the first Deacons of the church. This word "Deacon" is not placed before any man's name until this instance occurs, & seldom before his or any other man's name for some years after this. He was the first recorder of Hadley & all the proceedings in 1659, 1660, & part of 1661 are in his hand writing. He was evidently used to the pen, but his chirography, or ~~subscribing~~ forming of the letters & words, belongs to an older period than Peter Tilton's (he was ^{an} older man) & is more difficult to be read.

N. Dickinson had lands in Hadley, Hatfield & at Northampton. He began to purchase land in Northampton in the year 1660, & in the course of 3 or 4 years he owned 15 pieces in the meadow, Pine plain, home lots, &c. containing about 70 acres; he once owned the lot on which P. Smith's Strong's house now stands. Most, if not all, of his Northampton land was sold before his death. He resided some time in Hatfield & in his will he calls himself "of Hatfield, now of Hadley". (In 1660, the Northampton record calls him, "Nathaniel Dickinson, senior, of Newtown".)

Will. His will was made in May 1676 & presented to Court in Sept. 1676.

He gave to his son Nehemiah, his house, homelot, & half of his meadow land in Hadley; to Dorcas, widow of his son Azariah (who was slain by the Indians, & left no children) 1/2 an acre of meadow. The rest of his meadow land in Hadley to be divided between all his sons ^{except Nehemiah} & his daughter, Frances Dickinson & Hannah Clary. Son Thomas to have the house & homestead bought of Caleb Watson, he paying ^{to W.} 30 £. Son Samuel to have the house & lot in Hatfield; son Obadiak the rest of the land in Hatfield. Son Wm. Gull 3 £ (Gull had probably married a daughter of his, & she had died without children) All the rest of his property to be divided between his sons & daughters.

His wife was not living. His inventory amounted to 502 £. His house & homestead in Hadley was appraised at 80 £; do in Hatfield 65 £; do in Hadley (Watson's) 55 £; 10 acres in Fort Meadow 45 £; 9 acres at Hockanum 40 £; 8 acres in Hatfield Great Meadow 24 £; 6 acres in Hatfield 27 £. ^{Rev. J. Russell} was a witness, & doubtless wrote the will.

It is a little remarkable that his son, Nathaniel Dickinson Jr who lived at Hatfield, should be entirely omitted in the will.

P.S. He is among the signers to whom meadow land was given.

Then was a Joseph Dickinson, who lived some years in North-

amptown, & who, I suppose, was his son; he is not named in the will. He was certainly his son. Slain with Capt. Penn Sept. 4. 1675. Joseph Dickinson purchased land in Northampton & resided there from 1664 to 1674, when he removed to Northfield; he died there (or was slain) in 1675 probably, as his inventory was presented in March 1676; it amounted to 97 £, & afterwards 50 £ more were added.

X His wife's name was Phoebe, & he had in Northampton the following children: Samuel 1666, Joseph 1668, ^a Nathaniel 1670, John 1672,

* Azariah 1674. He was one of the older children - sold land in Northfield 1659 & 1664. Called son of Nathaniel D. in the record. His wife was Phoebe Brace daughter of Jonathan, her name Phoebe. Her son Samuel died in Hatfield 1690 or 91. and Samuel's uncle Saml was admr of the estate. ^{Summary of the estate of Joseph must have been a son of Joseph, see Con. 2. 271. probably born 1676 or 67.}

John Dickinson died intestate 1676. I have not been able to ascertain whether he was a son of Nathaniel; he was either his son, or had married his daughter or niece. Inventory presented Sept. 1676 - Total 620 £. John, eldest son, had 90 £; Jonathan 55 £; six unmarried daughters, 43 £ each; Mary ~~Martha~~ 10 £; Hannah Gittet ^{was made} 1699 when a final settlement, there seems to have been only one son & 7 daughters living - the daughters all married.

Jonathan & Elizabeth died or were slain in 1677 & their property was distributed among the others, March 1678 - only 8 left. It is mentioned that Hannah Jennings, the eldest daughter, was still in captivity - she was eldest child.

^{son of Nathaniel, born 1646.}
Ezekiah Dickinson (of what family I know not) was a merchant - first in Hatfield, next in Hadley, 3dly in Springfield, where he died 1707 - insolvent; the estate paid about two thirds. He had in Hatfield two or more children - Joanna 1683; Jonathan 1688; in Hadley 2. Abigail 1690. Elizabeth 1693 - & Moses ¹⁶⁹⁵ ¹⁷⁰² in Springfield. His widow Abigail married Th. Ingersol of Springfield & first of Westfield. Jonathan & Moses were both educated at Yale College. Jonathan was pastor of the W. Presbyterian Church in Elizabeth Town, N.Y. & first president of the New Jersey College. He died 1747 or 60 (in his 60th year). Moses was pastor of the church at Norwalk, Conn. Widow Abigail Dickinson, who mar. Thos. Ingersol, of Westfield, Jun. 1708, died at Springfield 1719.

Rev. Jonathan Dickinson B. C. 1706. settled at Elizabeth Town in 1707 or 8. President of College 1746. Died Oct. 7. 1747. Will on record at Trenton. He names five daughters and one son Jonathan. Nothing seems to be known of Jonathan.

^{Edmund says that Ebenezer, son of John, Rogers, son of Ebenezer, she had long lived with the family.}
Amherst Moody's - Jonathan 1708 Nathan 1706 were early
settlers in Amherst - were there also in 1770. Also the children
of Jonathan; Joseph, Deborah, Samuel. 3 with their father. Also
Josiah, son of Nathan, there 1770; and Joel Moody, probably
son of John of Granby, was there 1770.

South Hadley Moody's. Ebenezer's sons were there early. Son
Ebenezer went to Belchertown. Sons Joseph, Daniel & Josiah
were there 1770 - also, Noah son of Joseph, is on list of 1770. Daniel
had no children.

Granby Moody's. John's sons settled there (he born 1702) - sons John
Moses & Aaron there 1770. & son Joel in Amherst. Father not living
apparently in 1770 - Samuel, twin brother of John (1702) settled
in Granby. His sons Samuel, Thomas, Hovey, Elisha, Ruben
Samuel & sons were in G. 1770. Father not living.

Samuel Moody, came from Hartford Farmer's Register of first settlers, says he came to New England in 1635, went to Hartford, then to Hadley, & that he had 3 sons & three daughters. If he came to N.E. in 1635, it must have been in company with his father, as he was then quite a boy - not over 10 years old. He died in 1689, intestate, & his wife Sarah,

John & Samuel, were administrators. His inventory taken Oct. 1689 amounted (presumed March 1690) to 653 £. The house & home stead in Hadley were put down

at 100 £; other lands 36 acres at 5 £. or 180 £. House & lands at Hartford 167 £. He had 7 acres of corn (144 £) wheat 11. 17. 0. Hay 6 £. Barley 157 £. 1 acre oats 20 £. 1 cow 13 £. 1 steer 20 £. 2 horses, 15 swine, silver plate 4 £ 5s. 10d, money on hand 3 £ 10s, pewter 3 £ 19s, wheat 11 £ 17s, 2 wheels, & c. & c.

In this settlement, John had the property at Hartford called a double portion (he had 5 children & died in Hartford) Samuel & Ebenezer 76 £ each, daughter Mary and Hannah 54 £ each. The widow had the use of one third, including ^{one third of} the Hartford estate, half the house, & also 100 £ in moveables. Farmer's Register of first settlers of New England states that Samuel Moody, son of the first Samuel died at 80 years of age, & his brother Ebenezer at 83 years.

Samuel Moody who preached at Hadley, some months, after the death of Mr. Russell, was not one of the Hadley Moodys, but probably from Portsmouth, N.H.

John Moody, the father of Samuel, died in Hartford before 1655 or at that year. See back it was 1653.

John Moody died in Hartford Nov. 5. 1732, aged 72. This was probably son of Samuel. [or perhaps Samuel had a brother John who remained in Hartford, & this was his son.]

A John Moody died in Hartford Nov. 12. 1712 aged 72 (This is wrong).

Mrs. Sarah Moody died in Hadley 1671 - probably mother of Samuel.

John Moody lived in Roxbury 1633. Winthrop doubts the first settlers of Hartford. Aug 6. 1633. his two servants returning from the windmill in a boat lost their boat & were drowned on an oyster bank. Winthrop says they were wicked persons.

John Moody who died 1732 married Sarah Coates 1700, and had children John 01. Sarah 02. Hannah 03. Samuel 04. Ebenezer 06. Patience 09. & Nathaniel 12. All living 1732-3.

Richard Montague, one of the first settlers executed his will in 1681, and died the same year. His age was not far from 60. He gave a large share of his property to wife, & the remainder to Peter and John, except small legacies of 5£ to each of his three daughters, & to Isaac Harrison's children. John was to live with his mother. The inventory of his estate was 277£.

Abigail, the wife of Richard died in 1694. Her estate was valued at 68£. About 20 shillings each was given to 18 grand children, viz. 2 of Isaac Harrison's, 4 of John Montague's, 5 of Henry White's, 4 of Joseph Warriner's, and 2 of Mark Warner's. (The Warriner's were Dorcas Joanna & Elizabeth.) Peter & John Montague, & Mark Warner had the remainder of the estate; Peter a double portion.

Peter Montague, son of Richard, who died childless in 1725, gave 10£ each to 4 of sister Warriner's children; something to each of his brother John's sons, viz. Richard, Peter, Samuel, William, Luke, & Nathaniel; to each of Abigail Church's (Harrison's) children, 10£; something to Sarah Selden (Harrison); to John Montague's (deceased) 3 daughters, Abigail, Jermina & Mary, 10£ each; something to sister Warner's children; something to three of the name of Fox; to the children of his woman Hannah Meland 10£ each; to grand daughter Mary Cook, ^(sister of William Cook) 10£; to her sons in law James Smith & Thomas Smith, 50 shillings (the last wife of P. Montague was ~~probably~~ the widow of Preserved Smith). But the greater portion of his estate of 1530£ he gave to John Montague the third of that name, who was then only 9 years old. His wife to be well provided for during her life.

 Sally born June 10, 1782, married Samuel Adams
 Joanna born June 12, 1785, married Daniel Adams
 born in Thompson, lived in Mansfield
 & and Huntington, Ohio. She died 1853.

John Marsh came from Hartford. His first wife was a daughter of Gov. Webster. He seems to have lived in the house, or at least, on the homestead, with his father Webster. After the death of his first wife, he married in 1664 the widow of Richard Lynman, of Northampton, & lived in Northampton several years—doublet in her house; he had by her one daughter, Lydia, born in Northampton in 1667. He afterwards removed to Hadley with his wife; she died in 1683, and he died at Hartford in 1688, an old man. He had previously given some of his property to his children. By his will, 1688, he gave to his son John 5^l (John married Sarah Lynman, daughter of his father's second wife, & appears to have lived at Hartford); to Jonathan & Daniel, small articles; to daughter Hannah 20^l; to son Samuel all his lands in Hadley; to Lydia 20^l and a gun; to grand-son Baker at Northampton 5^l. (His daughter Grace married Timothy Baker, of Northampton in 1672 and died in 1676, leaving a son, Timothy. Samuel Marsh settled in Hatfield, & Jonathan & Daniel in Hadley.

Hephzibah Marsh, wife of John, made her will in 1677 and died in 1683; her will chiefly concerns her children by her first husband, Richard Lynman; ~~the property~~ ^{the property} she had from his estate. She gave to her daughter Lydia Marsh 20^l, & to her daughter Sarah Marsh, wife of John Marsh of Hartford, 20^l. She was a daughter of Thomas Ford, jun. ^{Hephzibah Marsh}

John Marsh, the son, lived in Hartford on the old Homestead. His will was exhibited Aug 1727—not recorded.

Sons made an agreement, presented 1727-8—over
Capt. John Marsh, Dr Nathaniel Marsh, Capt Jos. Marsh
and Jonathan Marsh. Daughters not named.

He married Sarah Lynman, daughter of his father's 2^d wife,
Nov 28. 1666.

His three sons John, Nathaniel & Jonathan were of Hartford 1729.
(see list) Joseph Marsh was a proprietor of Lebanon 1697 & 1705, and
Joseph M. Jr. was a prop. 1731.

John's Will is in Connecticut No. 2. page 105. 7 sons, 1 dau.

The latter part of Nov. 1736, a small out house of Mr. Chauncy was burnt, & one of his sons in it. The son had a liberal education & had preached sometimes, but became distracted, & was confined in the building now consumed. He was frequently to my fire in the night, so that the family took no notice of his cries on these occasions. I was doubtless present. I was sold at 1744, by Rev. David Russell of Newbury.

of land of Moses Cook, of Andover for 32^{ts} acres. of lot 42. Section. 120 rods long 68 rods 11 feet wide
they call the lot. 32^{ts} acres on North side, Hadley W. Highway E. Dependents room 100^{ts}, but Moses Cook
owned Joseph Taylor, Moses Taylor, Aaron Taylor, Samuel Taylor, Huldah, Sarah, Lois Taylor, Mary
Brownson, Nathl Hannah Hitchcock, six children & heirs of another, for this land. Land had
been sold to Samuel Hawley - also another piece sold to S. Hawley by John Taylor Jr. (father of the 7) in April
the first year of George 3 (1763). Seven children of John Taylor Jr. were sons & their representatives. (S.H. Rec. p. 208.)

In 1763. Wm. White late of Andover N.H. now of Northfield, Ebenezer Dod & Mary his wife
of New Haven (of Guilford 1764) Thomas Chamberlain & Sarah his wife of N.H. acc.
called Curves in N.H. brought an action against Wm. Bottinwood of N.H. They claimed
lot of land in Andover, west division, part of lot 42. (S.H. Rec. p. 208.)
120 rods long & 22 rods of said lot on South side of said road, which was owned by John Taylor
who died Sept 30. 1745 without children. They claimed it as being of said John T. being
brother & sisters of the half blood to said John. or said Wm. Bottinwood a slave. Bottinwood
or his father Solomon had purchased the land of James McClester of Enfield, who had
it 1730 of Moses Taylor & Joshua Taylor of South Hadley, and partly of Joseph Taylor
of S.H. partly of Nathaniel Hitchcock of Wilbraham & his wife Hannah, & partly
of Mary Brownson, of S.H. & her widower. Jury were in doubt whether land should
go to grandfather (being John died 1745) and eldest & heirs of the full blood, or to brother
& sisters of the half blood. Court decided that the half bloods were the legal heirs, 1764
& gave the case to Wm. Mary, & Sarah. They recovered against Bottinwood & Joseph Taylor &
N.H. Hitchcock & Mary Brownson & James McClester & Moses Taylor & wife & 7. S.H. Rec. p. 208.
Some appealed to S.H. Court. Public Listers brought action against Moses Taylor and
the three children of Joshua Taylor, Dec. 1764. Huldah T. & Sarah T. of S.H. & Lois T. of
Suffield, all were recovered. 1764. Joseph Brownson was attorney of Wm. Mary & John.
In 1747. Wm. White of Andover N.H. & Sarah his wife brought action against Joseph Brownson of S.H. & his son
once owned by John Taylor who died in 1724. (S.H. Rec. p. 208.)
Action brought by Wm. White as guardian. Al. rec. def. appealed.

John Taylor's Posterity.

In South Hadley.

John Taylor, son of first John, went to S. Hadley - there 1731 and his sons Joseph, Samuel (called Samuel Jr.) Joshua, Moses (an Aaron list of ages.) Joseph was on list 1770 & son William & Jos. Joshua died 1760 & left no sons. Moses was in S. H. 1770. Aaron was there 1770. Samuel & Samuel Jr. then 1770 & widows of Elisha, Abigail.

Samuel Taylor, son of first John, called sr. was in S. H. 1731 and died 1735 - insolvent. Family seem to have removed. Perhaps his son Samuel is the Samuel Jr. above, but probably not.

Moses Taylor, above - seems to have sons, Reuben, Oliver, John on the list 1770. Perhaps they do not all belong to him. There is also another Reuben Taylor on list of 1770, & an Amos Taylor

In Granby.

Ebenezer Taylor, son of first John, was in Granby 1731; and his son Ebenezer were there 1770 (or his son & grandson Ebenezer.)

Jacob Taylor was there 1770, probably son of Ebenezer born 1718 - had a family there.

Jacob, son of first John - I know not what became of him. Perhaps he died unmarried. Was not in Hadley 1720 nor 1731.

Thomas Taylor, son of first John, was in Hadley Street 1720 and in South Hadley or Granby 1731. What became of him? Was in S. H. or G. 1740. & c.

William Taylor, Yale College 1787, followed no profession. Became poor and died in New York city Dec. 1838 aged 66. He married Cleone Day, & had a son Abraham who died without issue, and a daughter Cleone, who resides at South Hadley Falls, unmarried 1856.

Terrible Thunder Storm at Hadley June 26. 1729. A man & his oxen were struck down, but he came to himself. Mr Taylor had 3 horses killed worth 40£, under one tree, in the street near a house, when nobody was much hurt. The lightning killed a man in a neighboring town, who was under a tree.

St. Samuel Smith, one of the first planters in Hadley, was one of ~~the~~ most valuable citizens. No person was more frequently employed on committees, & then were but few preferred to him for the management of important affairs. He was the first representative to the General Court that was ever elected in Hadley; this was in 1661. He was chosen again in 1663, 1664, 1665, 1667, 1668, 1671, 1673. (Some of these years, Peter Tilton was associated with him the town sending two representatives) He was one of the three town commissioners for trying small cases many years (with Henry Clark, Andrew Bacon, & Nathaniel Dickinson, &c.) After Mr. Webster's death, he was one of the Commissioners or Judges of the County Courts, commencing in March 1663, & continuing until 1669. He was one of the Ratifiers 12 years, & one of the Selectmen 6 years, being chosen to the latter office the year in which he died, when he was over 80 years of age. In 1663 he was chosen Lieutenant of the first militia company formed in Hadley, being then upwards of 60 years old.

Will. Mr. Samuel Smith came from Wethersfield. He made his will June 23. 1680 & died the same year. He was born in the reign of Queen Elizabeth in 1598, & was 82 years old at his decease. He left four sons Samuel, Philip, Chilib, & John, & one daughter Elizabeth Gull. His posterity, it is believed, are more numerous than that of any other of the early planters in Hadley. His estate was valued at 613¹¹/₁₇ £; he had given portions to his children. He gave his wife E. use of all property ^{then} to his grand children (after his wife's decease). To Philip's eldest son Samuel, ^{his land in Great Ponsett, and south} half of house & homelot; to John's eldest son John the N. part or other half; to Chilib's eldest son Samuel, ^{all his} land in Little Ponsett & Skirts of Hocknum; to John's son Samuel, ^{all} land in 40 acres; to daughter Elizabeth Gull 20 £, a feather bed, ^{as part of the 20 £.} to my grandchild Mary Ball, wife of Samuel Ball 10 £; to son Samuel 5¹¹/₁₇ £. His books were worth 3 £ 17¹¹/₁₇ s. ^{How could she grand-children?}

The following is one clause in his will. "I bequeath to each of my grand children now living one bible", which they are to receive when able to read; my executors are to cause to be written fairly and legibly in each bible ~~(with the name)~~ the last verse of the 11th chapter of Ecclesiastes, & the first verse of the 12th chapter.

[Are any of these bibles in existence now?] The Executors were sons Philip & Chilib. His wife Elizabeth was living in 1685; she had the use of a large portion of his property all if she pleased. Inventory is dated Jan'y. 17. 1680-81

Philip & Chilib had all estate equally, not given to the others. Samuel Parting & Peter Tilton were witnesses to will. Inventory contains about 50 £ in merchants goods -

15. Philip Smith, son of Samuel, was a man of note in the town & county. He was a representative to the General Court in 1677, 1680, 1681, 1682, 1683, 1684; Commissioner to try small causes; Court Commissioner or judge, Lieutenant of the Hampshire Troop, (Company of Cavalry) one of the Selectmen, a deacon of the church, and an honest, pious, exemplary man. He was taken sick about the first of January 1684-5 (1685) & made his will on the 5th; he was filled with grace & joy, & ready for his departure. In the midst of these things he suspected that an ill woman had bewitched him; & Cotton Mather says he was "murdered by an hideous witchcraft." Mather relates a long story about the enchantments of the woman; tormenting Mr. Smith with pins, & audible scratchings, fire on the bed, shaking of the bed, noises, clattering of chains, marks on the body after he was dead, &c. but I have not room for the account here. Such things were probably believed in Hadley at the time, and Hutchinson says the people dragged the woman out & hung her up; then took her down & rolled her in the snow, & at last buried her in it. She revived, but Mr. Smith died, probably in January 1685, aged about 55. Will. His inventory amounted to 1280 pounds. His house & homestead in Hadley was appraised at 150£; homestead on which his son John lived 100£. Lands at Hockanum, Little Pond, "40 Acres", Great meadow, &c 211/£ 27 acres at Wetherfield 200£. He was interested in shipping and his share in Mr. Belcher's ship was called 30£, and the income of the ship (with some peas) 18£. He was a trader to some extent, & his goods were estimated at 15£ 17s. He gave to Samuel land in various places; to John house & homelot bought of P. Montague, & other lands; Philip's house & homelot with his mother, & other property; Jonathan & Nathaniel all his lands at Wetherfield; (something said about their settling there;) "My will is that Joseph shall be brought up to learning," & in addition to this he is to have 20£ to buy books; but if he has not capacity for learning, he is to share with the rest; I shall be to have a share of homelot; &c. & other property; ~~in~~ Kinswoman, Mary Smith 5£. The eldest son was to have a double portion. Rebecca the only daughter, was to have 100£, and "part of it is to be paid in the negro girl I now have at 20£" — "but if she goes cross to her mother's mind in her marriage, she is to have only 80£." Some of the children small. Inventory. This comprises a very large number of articles of household stuff, farming utensils, produce, stock, &c. 130 bushels of corn at 2/ 60 bushels of wheat at 3/3, 24 other of oxen, 4 cows, 8 steers & heifers, 17 sheep, 4 horses, 1 colt, 5 hogs, 5 pigs, 20 bushels of barley, 2 guns, 1 carbine, &c. The inventory occupies two pages on the county records. "Reading Staff 10" (Philip was one of the witnesses to the will, & made his mark) — He entreated his friends, Capt Aaron Cooke & Samuel Partridge, & brother Chibab to be helpful to his wife in settling the estate. She was to have the use of a large share of the estate. Cotton Mather calls his age "about 50."

He had a house & small homelot bounded S. by Sam^r Smith & N. by Thos. Coleman deceased. E. side of the street; land in Hockanum, Forlorn, plain, north Furlong, Little Ponset. Benjamin 3d son (Samuel was dead) had 90 £ in land at Wetherfield; & Mary or Marrah, the only daughter had 38 £ in land at Wetherfield, & the rest, to make 90 £ pounds, in moveables. In 1694 John took Marrah's land & she received moveables. Estate divided 482 £

He & his wife were members of Mr. Mather's Church. He returned to Hadley after Mr. Russell's death & lived on the same lot at the lower end of the street, east side. Mrs. Russell gave to him the homestead & other lands. He died in 1703. He was married & had some children before he came to Northampton. His son Samuel, lived in Northampton. who graduated at H.C. 1695, is supposed to be the same that taught the Hadley Grammar School one year from Sept. 1695, and again in 1699; also taught school in Springfield in 1698 and married Esther Parsons there in 1698 — preached to the garrison and people of Brookfield some years about 1708, &c. was preaching or teaching at Greenwich (Horse neck) in 1711 & 1712, and was finally settled at Middletown Upper Houses in 1715, and died there Sept 8. 1736, aged 62. This Joseph Smith is supposed to be the son of Lt Philip, mentioned in his will. His wife Esther Parsons was born in Northampton Dec 24. 1672; on her gravestone, the inscription says she died May 30. 1760, in her 89th year, that is, if it is read correctly, which is difficult to do. This would make her a year too old. The stone is in Up. Mld. Burial yard. Dr Field says, 1846, that Mrs Grady, a great grand daughter of Rev. Jos. Smith, says her g. g. father came from Horse neck to Upper Middletown, which is doubtless correct. Joseph Smith was "minister of Brookfield" Dec. 1703. See Court record in Deed Book. p. 256

see below: Hatfield

Jonathan Graves, son of Samuel Graves (1727) married Elizabeth Combs 1733. Elizabeth came to another town. In 1738 after his death, his widow Elizabeth became one of the poor of Hatfield and was maintained by the town in the town petition. The Court that her children might be committed to school at Hatfield, viz. John Combs, Joseph Miller "Gut" and his wife Mary of Springfield; Aaron Denio (Dendun) the wife Anna of Greenfield; Joel Dickinson this wife Rachel of Hatfield, and Ebenezer Graves of Sunderland. Combs pleaded inability and was freed; Miller & Denio, leave that they were sons in law, or sons by marrying Daughters, were not liable; Dickinson was willing to bear his share; Graves did not. The Court decreed that the children, all but Combs, should maintain their mother or her Hatfield. There were 5 children; John Combs, her first husband, ~~with his wife Elizabeth (Combs)~~ Mary, Anne, Rachel, Ebenezer & Perseus. John Graves was born in 1727, and his wife Rachel was born in 1728. John Graves married Elizabeth Combs of Hatfield in 1744, John Graves of Hatfield married widow Elizabeth Combs of Springfield probably this was the paper - but who was this John Graves? Was it Taylor?

Eldad Graves this wife Sarah son Zadoc were warned out of Monague 1759

Joseph Graves, son of Samuel, died 1728. His wife Elizabeth died 1706. He had Benjamin born 1717, 3 months; Thomas Combs, William born about 1719, and Elizabeth born 1721. Two last were maidens, but finally married, after 1757, William married Eliza Wait son of Ben. and Elizabeth married King. Elizabeth made her will with her husband's consent in August 1769. It was proved April 1809 - 38 years after. She gave her half of the homestead to her husband's eldest son Wait during life; also a lot in Boston and a lot in 2d tier room of Boston. Her sister King owned the other half; it was her son's and to her son, John Samuel Graves. After her husband's death, her son, Nathaniel, was to have all the real estate. The homestead was bounded by Barnum's, Bardswell, & Ebenezer's. It was the lot of his father Joseph, & his sister Elizabeth had the other half. She gave 1000 to her son Graves, 1/30 acre, in 2 mile addition. Sister Sarah was left Elizabeth King owned the other two thirds. Other Grants children had some gifts. Her husband's children, Abiel, Nathaniel, Leio, Hannah & Christopher had some. Husband of Nathaniel, &c.

John Combs later called "Ladly, son of Springfield, junior, Cordwainer". May 1732. Case above was carried to Superior Court - viz. Jos. Miller and wife Mary, John Combs of Sp. Aaron Denio and wife Anne of Ex. Joel Dickinson & Rachel wife of Hatfield and Ebenezer Graves of Sunderland, vs. Selectmen of Hatfield. The Inferior Court had ordered them to pay Hatfield 2/8 week since Feb. 4, for support of Elizabeth Graves, 28 weeks & for further support. Sup. Court quashed the proceedings of the Court of Sessions. Sept. 1759.

In 1752, May, Court on petition of Joel Dickinson, ordered John Combs, Wm. Combs, Joseph Miller, Jr. and Aaron Denio to pay per week to Hatfield Treasurer, for support of their mother Elizabeth Graves. Same year then 4 ordered to pay 2/4 in addition. Jonathan Graves married Elizabeth Combs the daughter, 1715 not the mother - & had by her Jonathan (probably died) and Ebenezer 1717. She died 1721. They lived in Sunderland.

John Graves of Hatfield married the mother 1744, I suppose.

See Northampton Co. p. 200.
 John Combs was proclaimed by Northampton for a time & died here in 1732. His widow had some estate. He earned Hatfield 1739. N.H. 3.39.
 She was warned from Hatfield Nov. 1741.

Martha Graves of Hatfield married Simeon Dickinson, son of Jonad. of Amherst July 12 1752.

Had could fortification be 16 1/4 rods longer on west than on east side of street?
Street bows in this manner . Of course the fortification would be situated on east side.
Perhaps the ends were like this  which would shorten east side still more

Stephen Taylor sold 4 1/2 a. to Martin Kellogg, of H. 1713. John Field Jr. S.
Joseph Kellogg soon owned it. After his death widow had 1/2 & then sold other half to Joseph Billings 1726

as to the line which has long been held for a line, neither are we
Have applied to them for an alteration, viz to begin at Half-way
Brook, where the road crosses the brook, & run a West-North-West line
but have had no answer. We propose to N.H. to have more full satisfaction
where the line shall go, before we run the line. We propose to N.H. the
said W. N. W. line from Halfway brook, as better accommodating both towns
especially us, "the present line cooping us up", so that we "run into your bounds
on every occasion. You will have more land by this line of us than we of you
This, which we should have is very convenient for us, though but a little woody, rocky
swampy ground; that which you would receive is remote from us, & more
convenient for you than us. Hope you will consider how we are straightened
& that you will not refuse a thing so reasonable & just. We desire a speedy
answer, & that the blessing of the Lord may be with you. Voted to send the vote
to N.H. forthwith, & a committee appointed to hear with the Northampton.

our bounds come to depend on theirs. Ordered that the Town Clerk
give notice to N.H. that we are ^{now} ready to settle & run the line according
to the General Court's grant.

Agreement with Northampton about a Road.

Hadley appointed a committee to treat with N. H. men about a way through their meadow in 1662-3. At a com. app. Jan 25. 1664-5

On the 3d of April, 1665, there were from Northampton, William Clark, David Wilton & John King; and three men from Hadley, Henry Clark, Samuel Smith & Nathaniel Dickinson, agreed that there should be a highway 2 rods broad through Northampton meadows for the transportation of all things from old Hadley—beginning at the most northerly gate into said meadow & extending to old rainbow ^{or the adjacent lots, where the way now is} to the lots of Samuel Wright or David Burt—^{from these lots to the ferry} river, Hadley was at liberty to purchase a highway—might land on Sandy Flats, or the meadow—N. H. might use the highway as well as H. At particular agreement signed by 6 men, on Hadley Book. Road, a foot, horse, cart, other beasts, all manner of carriages;

Hadley Addition, above 10240 acres, including Pyncheon, 500 acres—was laid out by John Chandler Jr. Oct. 1715. John Smith & Wm Dickinson, chainmen. No variation of needle allowed for. South line next to Springfield was 1242 rods (from river) east of Pyncheon 180 rods—both 1420 rods E. & river. South line next to old bounds began 80 or 100 rods below mouth of Stony Brook, went easterly 1500 rods. West line Connecticut river running S. W. & S. E. East line 1060 rods. On the plan, the road to Springfield crossed the S. line about 250 rods east of river—ran N. & S. through addition. About halfway on S. line was a large swamp or meadow, part in addition & part in Springfield Accepted Nov. 25. 1715—to fulfill grant of May 1683. [Mass. No 4 159 p.]

Hadley Measured by Oliver Partridge April 1739.

^{Mass. No 3}

The addition to South Hadley (or Hadley) Dec 1727 of all east of preceding 10240 acres to the Equivalent Lands—called 2 miles by 14. See Records of G. Court 1727 See Mass. No 3. 92 page 43d; also Mass No 1. 327 page 96.

1st We whose names are above written do engage ourselves mutually one to another, that we will, if God permit, transplant ourselves & families to the plantation purchased, on the east side of the river of Connecticut, beside Northampton, therein to inhabit & dwell by the 29th of September come twelve months, which will be in the year 1660. [Meaning Sept. 29th 1660.]

2d That each of us shall pay the charges of the land purchased according to his proportion, as also for the purchase of Hockanum.

omit this (It appears that the whole grant was not yet purchased of the Indians)

3d. That we will raise all common charges, of what sort soever, for the present, upon the land that men take up: mow, plow land and house lot, according to the proportion of land that each man takes of all sorts; and all charges shall be paid as they shall arise, & be due, from the date hereof.

4th That if any persons so engaging be not inhabiting there by the time aforesaid, then, notwithstanding their payment of charges, their lands & what is laid out in rates shall return to the town: and yet this article doth not free men from their promise of going and inhabiting.

5 That no man shall have liberty to sell any of his land till he shall inhabit & dwell in the town three years; and also to sell it to no person, but such as the town shall approve on.

Agreed that all those persons that will go up within three weeks shall give in their names by this day fortnight, & then those that are so agreed shall take up a quarter together, and so those that follow shall take up another quarter, so they do it together, or so far as their numbers run.

Agreed also that no person shall fell any trees upon any lot of ground lotted out, or to be lotted out, but upon his own ground or lot, or against his own lot within ten rods of the same in the highway. The land to be lotted is either what is for the homelots, or between the homelots & the meadows.

It is agreed also by the said company, upon the 25th of April, 1659, that they will purchase the lands on the west side of the great river, above Napanset, if it can be bought; & that each of the said engagers will pay their several proportions to the said purchase, according to what they have put in to take up lands by, at the time of their said engagement: witness their hands, dated April the 18th 1659.

At the said meeting William Westwood, Richard Goodman, William Lewis, John White and Nathaniel Dickinson were chosen by the whole company, to go up to the foresaid plantation, on the east side of Northampton, and to lay out the number 59 homelots, & to allow eight acres for every homelot, and to leave a street 20 rods broad betwixt the two westernmost rows of homelots; and to divide the said rows of homelots into quarters by highways. Those men, being willing to answer the desire of the said company, did undertake the work. They desiring to make some beginning there for themselves, the company granted them liberty, according to a former agreement, that they might choose in any of the quarters to lay out their own homelots, provided they took them together at one side of any of the said quarters.

The plantation being begun by them & some other of the engagers, the rest of the engagers that remained at Hartford & Wethersfield, with those that were come up to inhabit at the said plantation, did upon the ninth of November (1659) at Hartford, and about the said time at Wethersfield, & at the said plantation, choose by vote, William Westwood, Nathaniel Dickinson, Samuel Smith, Thomas Standley, John White, Richard Goodman; and Nathaniel Ward, to order all public occasions, that concern the good of that plantation for the year ensuing.

The said Townsmen made a rate upon the 22d of November 1659, for the paying of the purchase of the said plantation, and for the minister's maintenance, levying it at 50 shillings ~~the~~ the 100 pounds, which in the whole sum came to 180 pounds; for the speedy gathering of this rate, we sent the rate down to the two towns Hartford & Wethersfield, that the charges might be truly paid and satisfied, by every man according to his engagement; as is visible in the engagement itself, that is dated the 18th of April 1659."

State here

The foregoing is all that is recorded respecting the proceedings of 1659. The words in parentheses are not in the original. It is evident that the settlement was commenced in 1659; & the seven men above named may be considered the first selectmen or townsmen of the plantation. Probably but few families removed in 1659, but among these was Mr. Russell, the minister. Some removed in 1660 and others a year or two or more after that time; and some of those who signed the agreement never settled at Hadley. Some of the planters visited the place before the year 1659, and the South meadow in Hatfield (called Little Pontius & various other names) was purchased of Northampton in 1658.

The first record of the allotment of lands on the small square town Book is that of the Great Meadow; the date is illegible but was probably in 1660. The record of the homelots does not appear on this book; they appear to have been all 16 rods wide & 80 rods long making 8 acres each, leaving a street 20 rods wide between each range, with roads on the north & south sides or ends, & another in the middle, separating the lots into 4 quarters or divisions. (Some of the 8 acre lots seem to have been divided.)

As some of the engagers had declined coming, or refused paying, the the number of allotments in the Great Meadow was less than 50. In Feb 1660 (1661) the number of lots cast & drawn for the land between the fence and (river, or highway, or some other bound) was 46. In May 1662 Amponchus was allotted to 46 persons; in March 1663. Hockamum to 47 persons. In July 1661 part of the north & south Furlongs were divided among 46 persons.

* "between the fence & great meadow" is probably correct. It was in several furlongs.

Are dividing the ploughing & mowing lands, each man received according to his estate; one man's estate was called 200 pounds, another 150 pounds, a third one's 100 pounds, & so on; and each received land in proportion. Agreements were frequently expressed in this manner; "Voted that A. B. shall have a 100 pound lot; C. D. a 50 pound lot," &c. meaning that C. D.'s lot should be only half as large as A. B.'s and only one fourth as large as that of a person whose estate was 200 pounds, in the same meadow or division. We are not to suppose that the 200 pounds, 150 pounds, &c. expressed the value of each person's estate; although in adopting this rule reference was undoubtedly had to the property of each person; but other things were taken into consideration. It was a convenient method for distributing the land, & levying the charges incurred for the same.

If a tract of land was to be divided, tickets were made equal in number to the persons to whom it was to be given, & numbered 1. 2. 3. 4. &c. Each man drew out a ticket, & his number determined where his lot was to be located; that is - if the land to be divided was situated by the side of a highway or brook, or other definite boundary, & A. drew number 4, the 4th lot from the end of the tract where the divisions commenced, was measured out for him; if it had been previously determined that a person whose estate was estimated at 200 pounds should have 20 acres in this division, and if A.'s estate was set down at 100 pounds, he (A.) received 10 acres. This would be called a 100 pound lot, & would be rated or taxed accordingly.

After the transactions of 1659, no record appears until Oct. 8. 1660, when a ^{Town} meeting was held at Andrew Warner's house, and it was voted that no ^{other} person should be counted for an inhabitant, or have liberty of voting or acting in town affairs, until they should be legally received & owned for inhabitants.

It was also voted that all who sit down on the west side of the river shall be one with those on the east side in both ecclesiastical and civil matters that are common to the whole; they paying all charges from their engagements. ~~In all particular charges~~ charges from the beginning; Those admitted for inhabitants on that side of the river were to be "inhabiting there in houses of their own by Michaelmas next," & to sign an engagement, by themselves, or some other for them. The ⁵ votes or agreement passed at this meeting were signed by 28 persons, including probably most, if not all, of those who had established themselves at Hadley previous to the date of said meeting, viz. Oct. 8. 1660. The names of these 28 persons have this mark & prefixed to them in the list of names 3 pages back. It appears that some of the 28 had not yet removed their families. "Bro Field & Bro Goodwin desire lots on the other side."

The following are names of the 46 persons to whom allotments were made in February 1660 (1661) with the estate of each.

These allotments were made between the fence & meadows.

Memo. There may errors in the preceding remarks relating to the estates. Some things in the records look as if an estate of 150 pounds, or a lot of 150 pounds signified that the land allotted was valued at that sum. The Proprietors Book in Hadley will decide the question.

1. *Contrary Memo.* The fence around Little Panset (belonging to inhabitants on the east side of the river, in part) was divided among the east inhabitants at the rate of $8\frac{1}{2}$ rods to 100 pounds of estate. 46 persons (including town lot) had land there - estate 6045 pounds - Fence 524 rods.
2. The Fence belonging to Hockanum meadow (beginning at First Meadow fence on the bank of the river near the Ford over the river & extending to the mountain) was proportioned at the rate of $6\frac{3}{4}$ rods to 200 pounds, or $3\frac{3}{4}$ to 100£. 204 rods of fence - estate 6045 pounds
3. First meadow fence, (laid out 1675.) 17 rods to 100 pounds - 21 proprietors.
4. Hockanum Fence in 1675 - 38 owners - estate 6260 - fence 2 rods 13 feet per 100£. R. Goodman 460£; Saml Porter 450£; John Smith 350£; &c. Some of the large proprietors had purchased the lands of others. Timothy Nask 100£, A. Cook 200£, Caleb Watson 100£ &c have new owners.

Indians. On the first leaf of the old town records is the following mention
 referring to some record that is gone: "These two meadows are the round
 neck of land & the little long meadow, that was reserved by the Indians
 in the first sale, & afterwards purchased by itself." Does this mean Hockamun.
 No. These are the two School meadows.

School Meadow did not come down to Mill River
 but the first meadow N. of Mill River was enclosed
 with 40 acres as above. The fence went 192 $\frac{1}{2}$ rods
 north of Mill River before it met School meadow
 fence. Probably ran on the upland chiefly.

There is a great bend in the Connecticut opposite the

 a great encroachment on the Hatfield shore at some
 former period.

{ 1971 rods is width of all above lots, as it is not good, just down the highway. The above is the 3d Division of lots. The two Runells had no allotment in this division, and 3 churches in the other are but 1 here. Samuel Crowfoot omitted, on both D. had land elsewhere. Runells had lands N. of this D. Pelham line cut off at N. end 1 1/2 miles of the two, and cut off some down to 57 or 55 full length below the Runells, but full length sea on, only 400 rods in giving an equivalent or 2 acres cut off, and only 1 1/2 acres. This division goes a little farther N. than 6 division. Heads of families clear 10 2/3 rods wide or 41 1/3 acres; others over 16 half as much. Rest was according to meadows land each owned. 2 acres here equal to 1 in other divisions.

Hadley Commons,

North of Mount Holyoke & South of Mill River, & lying west of a line running North & South, $3\frac{1}{4}$ miles eastward of the meeting house.

1731. May 10. The town repealed a vote passed in 1700, & voted that the commons (above) should be proportioned among the inhabitants according to their real estate as entered on the list taken in Jan'y 1731, (also including Rev. D. Chauncy); each poll in said list to be estimated at 3 pounds estate; including ^{each} Indian & Mulatto & Negro servant in said list, who are to be esteemed as 3 pounds estate.

The selectmen were ordered to draw out a list of each man's real estate, polls, servants, &c. & to have the same placed on record as a rule of proportion. This list probably includes the names of every taxable inhabitant, (including those in 2d & 3d precincts,) or at least, the names of every head of a family; the polls of the unmarried sons, were commonly added to the estate of the father.

It appears that the list was made out by the selectmen & recorded in 1731, but the division was not made until 1742.

Real estate of each inhabitant, in 1731, with the addition of 3 pounds for each poll, or servant (slave,) (Shillings & pence omitted.)

1797. "Plain east of Town"

1680 Jan. 12. All the meadow under & above 16 years old, able to work with axe or hatchet to be called out two days to cut down brush &c. - the first day Thursday next; to clear the plain east of town. Jan. 20. 1680 - Selectmen to order the cutting forth of all persons to work 2 days, to clear the plain east of the town.

Dec. 4. 1679. Voted to clear the pine plain in the rear of the house lots of brush & incumbrances to fit it for planting.

June 3. 1682. Every notable person to be called out to work out his part of a 1/10 rate toward clearing the plain.

Jan. 20. 1690. Lots on pine plain to be cleared of bushes. same 1692.

1846 June 13. Plain lots &c.

From Fence nearest Coleman's Brook (there is a higher one 7 rods south) to North Road to Antwerp is about 66 rods, by present road. North Road goes nearly East about 32 rods or 33. Then turns a little to N. for about 40 rods to East or Third Street. Then 47 rods further to the short road running S. & the old North road running nearly East. Then this road turns a little east of N. along by 40 acre fence & a strip of land 5-8 rods to Coleman's Brook, or 66 rods to where North road turns almost E. or some N. of E. (or 68 rods from present road running S; old N. road going E is 4 rods N. of mouth of present road.) I cannot account for this 66 rods from Coleman's Brook to N. Road, when on next page there was only 35 rods from 40 acre fence to N. Road. Perhaps 40 acres included lot of some width south of the brook - & some 10 or 12 rods of old highway may be in here also.

From Highway or North Road to 8 rod highway (now 2) on opposite page is a few rods over 10 lots of 16 rods each - some taken from 8 rod highway probably. Upper lot is now about 18 rods wide (17 3/4 rods opposite) (meaning lot No. 2 opposite.) There are houses on 5th lot from N. road, (Joseph Smith's) 28 small houses for perhaps on is just below Middle Street is cut off by river against 5th lot, perhaps near middle.

Oct. 14. 1848. The 1st lot below North Road is 18 rods, two next together less than 32 4th is 16. The 5th has Levi Dickinson house on it where Joseph Smith's house formerly stood - is about 14 wide now. Next in front is 7. Next is 24 rods (the new road, opens &c. &c.).

Hadley Homelots. [see Hadley 3. 44 to 49. and 308]

Doct. Westcarr's lot was in rear of or east of 5 homelots in 1687 when Beaman sold it to G. Stillman, viz. Samuel Barnerd (John B. first) Neh. Dickinson (A. Bacon first) John Smith (i.e. Stanley) Thos. Stanley (S. Porter) & ~~John~~ White (John White). Mr Totten's lot was S. highway N. & Bank or Mill E. Called $6\frac{1}{2}$ acres. 5 lots are 66 rods — so Westcarr's lot was about 16 ~~and~~ rods wide. When sold to Westcarr 1675. was called 66 by 16. = 1056 rods, or 6 acres 66 rods. Was it built upon? All this lowland was called "Swamp" in those days.

Mark Warner had $\frac{3}{4}$ acre, 1680. on highway to woods next to Mr Russell's lot.

Westwood Cook's lot (N. part of Thomas Coleman's) when he gave it to his son Westwood Cook 1779. was called 4 acres — Samuel Partridge's. S. this part of lot S. East Street E. West Street W. [See 22nd page]

Sell east homelot, when extended, went only to the Bank — thence to Street sold 1773.

Fortification in 1678 left out 5 houses at its end.

In 1684 Samuel Smith was taken in at South end, and John Haley at other end was in & then fortification went to river. Samuel Coleman & Henry White had liberty to remove the fortification from John Haley's to the river so as to enclose their houses. In old deed White's house is said to be "over against" Dr Westcarr's.

1693 Geo. Stillman & others had liberty to fortify their houses, viz. those without the fortification.

Samuel Partridge 1732 — Owned a lot east of his homelot — had part of it or all of Wm Brown. River had not touched his lot 1732 — Samuel Gay lord was north of him in 1732 — no other named on N.

1740 Jun Benj. Gary of Hadley sold to Joseph Hubbard of Hadley. $\frac{3}{4}$ acre of land, with house, slop, orchard, &c. Great river bank N. each other way, Town Street. (It was at N. end of village & further N.) Had 3. 309 John Moore of Hadley claimed the property, & recovered it at Superior Court 1744.

Partridge lot (see above) seems to have been the same that Francis Newton lived on (see 3. 117.) — Newton is said to have had it of Strickland — called 10 $\frac{1}{2}$ acres in 1781 (see 3. 117) — All the front has been carried off by the river. House was moved down to the lane after Newton's death, & placed partly on street. After Newton continued to keep a public house, especially for boatmen — She had liberty to remove her house into the town street, in front of her lot, in 1794.

Deed 204 } Old Lewis homelot contained about 10 acres in 1741. Herz. Porter sold N. half about 5 acres, house & barn, to Ebenr. Marsh preceding who formerly owned it. Deed Eastman N. said Marsh S. page Street E. & W.

Hadley how Sticks. In Aug. 1750. Justice Porter ordered Aaron Wells to insert in the sticks in Hadley for meeting public worship "as the law directs" the sentence was performed.

Hopkins School Fund or Estate, presented,
 Account rendered to the County Court in 1682, Sept. 25, by Com.
 Mr. Goodwin had received before his death } £ 308 ^{signed by} { John Russell
 according to his account of } ^{Raymond Cook}
 Given by Thos. Coleman 5
 " by Mr. Westwood 13
 " by Widow Barnard 2
 328

Mr Goodwin charged & was allowed for
 Settling the estate (probably of Hopkins) £ 10.0.0
 Lost in a house ^{land} bought by him & sold 25.8.1
 Building collar frame, chimney, oven &c. 3.0.0
 Building a house over the mill 12.3.0
 " House for the miller 43.19.3
 " a barn for the farm 10.0.0
 Fencing the farm (School Meadows) at first 26.4.0
 " twice more after the war 20.0.0
 Clearing a debt of Mr. Hopkins 17.0.0
 Wm. Markham for 40 rods of land & ^{repair of barn} 5
 £ 172.14.4
 The rest of the estate was
 expended in building a mill & dam, repairs ^{of warehouse} & pay of School ^{master} &c, and
 the fund was gone, except lands. The mill at first yielded 25 or 26 pounds
 for annuity, and afterwards about 20 pounds, until it was burnt by the enemy.
 The land house remained, but yielded only a small rent, which goes to the school-master.
 The following lands belonged to the school. ^{Farm lately let out to tenants again in 1681, after it was again fenced.}
 School Meadows, estimated at 60 acres, or 2 small meadows given by town.
 Nathaniel Ward's gift 12 "m. Also house at about 1 acre
 John Barnard's " 12 " meadow.
 Henry Clarke's " 11 1/2 " "
 250 £ (half) has not been received from Mr Hopkins, & was not likely
 to be received. (Was a part of the estate after Mrs Hopkins' death.)
 After the mill was burnt by the Indians, the trustees gave the remains
 of the mill & dam to the town, in order to encourage Robert Boltwood
 to build another mill; & the town gave the trustees 10 £
 The Court ^{March 1680, had} disapproved of the course that had been pursued. Robert
 Boltwood had rebuilt the mill when it formerly stood & improved it; the
 court judged that R. B. should be paid & satisfied for all his expenses, & that
 the revenue or profit of the mill should then go to the school fund, & this
 they thought would set the school "on its legs again"; (with the rent of lands &c.)
 Ward's land was 5 acres in N.H. meadow & 9 in Hockanum - as he called it
 Clarke's " 2 1/2 " in N.H. meadow & 19 in Hockanum.
 Barnard's. a lot in Hockanum & a lot in Hockanum (about 5
 The miller's house & farm barn were burnt, and also the meadow fence
 apparently. Some say 1682 that the farm has been fenced again, and
 last year (1681) was let out again to tenants for a small rent. Seems
 to have remained uncultivated several years on account of Indians.

 goodness of Divine Providence, that the machinations of designing persons
 to effect a change in our happy constitution, will be rendered abortive

Schools classes, mixing the great & small ones, & direct each class to attend the

1791. Town street defined - 16 rods 24 links at North end & 17 rods & 11 links at S. end.

1791 Voted to raise 50th for schools in the several parts of the town, according to the

1794 Voted 40th for schooling.

The old road, it is said, went much farther east than the present - at the east end of the lots on the side of the mountain, and near the steep ledge. It did not cross Port river near its mouth, but turned to the east & crossed the river not far from Pomeroy's Mill, where it struck the Bay road. Hockanum ^{upper} upland lots, were laid from this road to the bank of the meadow; then others in the meadow.

Capt. John Lyman, Deac. Ebenr. Pomeroy, Gideon Lyman & others in Northampton purchased considerable land of the Hadley people - used to bring the crops to Northampton. About 90 years ago (say 1743 or 44) John Lyman built a house at Hockanum & removed there. Ebenezer Pomeroy, son of Deac. P. built & settled there about the same time - probably after.

Capt. John Lyman's house was on east side of road at the south end of the (present) village. His son Caleb lived in it until he removed to Cazenovia.

Ebenezer Pomeroy's house was on the west side of the road.

Zadoc Lyman, son of John, built a house south of Pomeroy's, and at the south end of present village. Not standing now. Israel had it.

Gideon Lyman, Jr. & Stephen Pomeroy had houses further North.

Stephen Coats had a house on the Ferry lane a little west of Israel Lyman's last house. For many years, Coats had the care of the ferry - at length Israel Lyman left his old house & built where he last lived, & took care of the ferry.

Island below Hockanum meadow. N.H. 1. 488.

Island above do do. Mass 1. 336. N.H. 1. 466.

There was anciently a road to Hockanum meadow distinct from the above, partly in present road & partly west of it - went west of Johnsons, Lyman's, &c near the river.

Capt. John Lyman & son Zadoc were first settlers of Hockanum about 1744. Zadoc Lyman was a licensed Innkeeper in 1746 November & every year after till his death, viz. 1747. 48. 49. 50. 51. 52. 53; and his widow Sarah had license in 1754. Ebenezer Pomeroy licensed ~~1754~~ 1758 to 1765.

Hadley Ferry first established Feb 1755. Gideon Lyman Jr had license to keep a ferry across Connecticut river between Northampton 3. 313 and Hockanum - fare to be for man & horse $2\frac{2}{3}$ ¢ from May 15 to Nov 15 - rest of year $3\frac{1}{3}$ ¢. Single person 1¢ from May 15 to Nov 15 and $1\frac{1}{3}$ ¢ rest of year - License renewed August 1756. Fare five coppers from May 15 to Nov 15; 6 coppers rest of year for man & horse.

Note - The year 1755, it must have been 4 coppers and 5 coppers, each copper estimated at $\frac{2}{3}$ of a penny. It was raised in 1756 to 5 & 6 coppers or $3\frac{1}{3}$ ¢ and 4¢. (see Book of prices, Dep. C. Hunt's accounts, Coppers then $\frac{2}{3}$ of a penny Page 11 - 64. 72p. Tins Doughty acc't. 215p.)

Stephen Coats was licensed to keep a ferry at Hockanum March 1762 do do renewed Feb. 1759. far as it had been licensed Feb. 1760.

M. 12. 191 Old Travel between N. Hampton & Springfield went on the East side of the river, & through Hadley village. The Court Commissioners & Jurymen went this way down to 1680, and probably later. Northampton Associates & Jurors crossed at Hadley and went down on the east side of river; and Springfield Associates & Jurors came up on E. side of the river & crossed Hadley ferry to Northampton - No doubt some went on the west side.

Record. Ferry at upper Chickopee at the landing. 1758 Samuel Copper to keep it - Did he live west side? $3\frac{1}{3}$ pennies for man & horse (5 coppers) $1\frac{1}{3}$ ¢ for man (2 coppers)

14 children in all

His first wife was Jerusha Wait, dau of John Wait, Jr. of
 Hatfield, born Jan 24. 1728. and died - - - -

Simeon White, who came back from
Windsor, son of Daniel White, brother of Daniel, lived
in Hatfield (see p. 335.) ~~afterwards~~ born in 1708 (sup. p. 308
p. 330. and is said to have died at age of 71-80 about 1779. He
married Jerusha Smith, said to have been an aunt
of Nathaniel Smith, Esq. of Sunderland, & to have had several
sisters, one of whom was Martha, who married Benjamin
Wait of Hatfield, and died childless about 1794. See notice
of her will 1794 on 393th page - she is said to have been over 80.
She gave her estate to her nephew Asa White & niece Jerusha
Mayhew, who were children of Simeon White by her sister Jerusha
(Smith) White. Jerusha is said to have died about 1800, aged
about 99. See p. 330.

I do not find any such Jerusha & Martha Smith at Sunderland.
See Sunderland 69. 62. &c. Hadley 1. 342. See Sunderland p. 49; says
Nathaniel Smith died Dec 13. 1789 aged 91 yrs 11 mo. He left
6 children, &c. His age & 5 surviving sisters amount to 493
years, or average 82 years. See Hamp. Gaz. Dec 23. 1789. This
must be the Smith family to which Simeon White's wife
belonged - Not on Sunderland p. 60 and 62.

Nathaniel Smith, the one who died in 1789, was
son of Nathaniel of Hatfield; and he and his sisters
are on pages 308 & 325. Martha was born in 1709
and was 85 in 1794. Jerusha was born 1713. Martha was
unmarried in 1740 - She mar. Benj. Wait afterwards, but had no
children - perhaps the Benjamin on p. 310.
